Inspection fee for trailer sites illegal, lawyer says

A by-law to charge an inspection fee for trailer park lots passed by Dysart et al council last week is not legal, according to a Toronto lawyer. Fred Gray, who has acted as legal counsel in court cases involving members of the Ontario Private Campgrounds Association, said in a telephone interview Tuesday that no such fee may be charged under provincial statutes.

Reason for the lawyer's statement is found in Section 383.15, (b) (iii) of the Municipal Act. The section deals with the council's right to licence various businesses, and states that "where a lot is to be made available only for temporary occupancy by persons who continue to maintain elsewhere a usual or normal place of residence or for occupancy by a trailer that is assessed under The Assessment Act, no licence fee shall be charged."

Dysart's by-law calls for an inspection fee of \$5 per site per year for trailer park sites,

and would come into effect January 1, 1980.

"If the by-law says they will levy a fee, they (council) have exceeded their power," Gray said, adding that a similar by-law was ruled invalid in an appeal heard in County court in Peterborough.

Asked if the Dysart by-law might be viewed differently by the courts because it seeks to levy a site inspection fee rather than a licence fee for parks, Gray said he didn't think it was a question of semantics.

"There is no provision in the Municipal Act for charging an inspection fee either," Gray said.

"Our attitude is that we won't fight (such a fee) if it is reasonable," Gray said. He added that he felt a fee of \$5 per site is "unreasonable."

The by-law could be tested in court if council does not rescind it, and if trailer park owners refuse to pay the site inspection fee.

Car snaps off pole, hydro cut for hours

Power was cut in much of Haliburton Village and the surrounding area early Sunday morning after a station wagon failed to negotiate a curve and snapped a hydro pole on Mountain Street in Haliburton Village.

Two occupants of the car spent more than an hour and a half in the vehicle before an Ontario Hydro crew was able to cut power in downed lines.

Driver of the car, John Shields of West Hill, was removed from the vehicle on a back board once the Hydro linemen gave Haliburton ambulance crews and Minden OPP officers the all clear. Shields was taken to Haliburton hospital, but the power outage had plunged the facility into darkness, forcing the transfer of the victim to Minden Red Cross Hospital. A passenger in the car, whom police did not identify, remained conscious throughout the rescue operation, and was also transferred to Minden hospital by ambulance. He was treated and released.

Residents of the area report that sparks from arcing wires lit up the sky with flashes of blue light at the instant of the crash, and for several seconds afterward.

Hydro, Bell Canada and

cable television lines were stretched or snapped when the pole gave way. Power was not restored to the area for several hours after the crash.

Cont'd. page 3

It was a proud day for everyone connected with the Haliburton Guild of Fine Arts on Saturday as the Rail's End Station Gallery was officially opened. The day was particularly memorable for Cyril Feir, centre, who was a former conductor when passenger trains ran out of Haliburton. Mr. Feir was dressed in his original conductor's uniform to commemorate the event.

Orientation markers have been moved, Minden council told

Sewer connections elusive

Errors in the locations of sewer connections in the Village of Minden may have been caused by changes in engineer's plans and by the absence of connection markers.

The point was raised during a discussion at a regular meeting of Anson, Hindon and Minden council last Wednesday when Reg Dillon, sewage project coordinator, presented council with a report on the progress of the access road to a sewage pumping station in the village, and discussed any problems with service connections people may have had.

Contractors have been trying unsuccessfully for some time to find the service connection for the residence of Dave Willis, a Minden

resident, and Dillon pointed out that this was due to a movement of orientation markers. A hydro pole, he said, had been moved between the time the consultants plotted the map and the sewers were completed. Because the pole served as a reference point, confusion arose over exactly where the connection was.

"Each service connection is halted at the property line and is measured from a hydro pole or some other point of reference," said Dillon. But the consulting engineer who did the mapping claimed the pole had been moved. In other cases where problems have appeared, houses have had additions since the mappings were done, altering reference points. As a result, lawns have been ravaged by

heavy equipment at some resident's homes, and contractors have had to work longer to find the connection, costing the customer extra time and money. Several marking pegs which verified connection locations have

been broken off by vandals, and because of wet and loamy soil conditions around some sites, markers may have floated away or become buried. At least two persons have submitted letters of com-

Cont'd. page 2

Noise exemption continued

The main condition of a noise by-law exemption for the Rockcliffe Hotel in Minden was met last Wednesday when owner Dave Willis submitted his first weekly report on his noise abatement efforts.

Willis submitted the report at an Anson, Hindon and Minden council meeting last Wednesday. He was requested to do so, along with four other conditions, before a one-month exemption from the noise by-law could be given. Willis was recently charged twice with breaking that by-law, which could bring fines of up to \$1,000 on each count. He originally requested an exemption until the end of the Labour Day weekend, but council refused.

As for the first condition, which requests a final engineer's report on sound abatement, Willis said in the report that he contacted the noise abatement department of the Ministry of Environment. "Apparently this thing (by-law) is so new, the ministry is trying to sort it out," said Willis. The department is compiling a list of engineers who would be capable of giving advice on abatement.

The second condition calls for Willis to ensure that steps are taken to curb the noise during the exemption. "We do that anyway," Willis later said. The third condition asks

for the reduction of amplification of music and patron noise. Willis claimed that he has decreased amplification considerably. "I had a band in here last week who were only operating off of one column of speakers, and they had two set up," he added later that "there's something wrong," because, he said, "the music is louder outside than inside."

The final condition calls for the supervision of the entrances, and the doors to be

kept closed as often as possible. "We're supervising all the exits and the doors," Willis said.

No complaints were submitted to the municipality at all last week, and Anson, Hindon and Minden Reeve Sinc Nesbitt said "you must be doing something right."

Willis suggested that it was one person in the village who is doing all the complaining, and causing "all the problems," but Nesbitt replied

Cont'd. page 2

Report on fire problems to remain 'strictly confidential'

A report currently being prepared by a representative of the Ontario Fire Marshall's Office on behalf of Stanhope council will not be made public, according to reeve Jim Harrison.

The reeve said the report will be kept "strictly confidential" at the bidding of the Fire Marshall's office.

At a meeting last month, council voted to accept an offer of assistance contained in a letter from a representative of the Office.

The representative met with council as well as present and former members of the department last week. There was no indication of

how soon the report would be completed, or if council intended to act on any recommendations the report might contain.

From dream to reality: CN station saved

Rails End Gallery officially opened

by Catherine Denholm

After nearly a year of planning, discussions and fund raising, Haliburton Village's own Rail's End Station Gallery officially opened its doors Saturday afternoon.

The gallery, which was nothing more than a dream of the Haliburton Guild of Fine Arts a year ago, became a reality when John Eakins, MPP for Victoria-Haliburton cut the ribbon which officially opened the facility to the public.

Following a short parade which commemorated the gallery's opening, a large crowd of about 100 persons assembled at the station to hear the opening speeches. Don Poppel, master of ceremonies introduced Dysart et al reeve Murray Fearrey, who told the crowd how the idea of the station began, and of the collaboration between council and the Guild. He gave particular credit to Carol Finn for the original conception of the idea, and for her role over the past year in organizing people and resources. He also introduced Cyril Feir, who used to be a conductor on the trains that ran out of Haliburton.

Harold Kalman, restoration consultant for the project, was also on hand, and gave the audience a brief history of the station, which originated in a colonization scheme 100 years ago.

John Eakins was introduced next, and told of the many ways the Ontario government helped with grants. He also sent congratulations from the premier of Ontario, William Davis. Following his speech, he and reeve Fearrey cut the ribbon, officially opening the gallery.

Following the ceremonies, the public was invited to view the first show on display in the station. It consisted mainly of works by instructors from the Haliburton School of Fine Arts. A model steam engine owned and operated by Doug and Peter Collins of Haliburton was also displayed.

Later in the evening, members of the Guild and friends gathered at Sir Sam's Inn to celebrate the event, and to honour eight people who were responsible for the organization of the Guild 12 years ago. After a dinner and entertainment by the Guild Choir, Mary Wallace, president of the Guild, presented honorary memberships to the follow-

Cont'd. page 3

The action was fast and furious at a three day long softball tournament in Harcourt last weekend, despite soaring temperatures and high humidity. Other events included a dance, flea market and tree felling competition. For more pictures and complete results of the tournament and sawing competition, see page 7.

Monmouth to seek housing survey

Monmouth Township council will ask the Ontario Ministry of Housing to prepare a municipal housing statement that will outline housing needs within the township. The decision to ask for the study came at a meeting of council last Monday.

In other matters at the meeting, general accounts of \$55,751.80, welfare payroll of \$1,209.50, O.H.R.P. voucher of \$3,783.45, and road accounts of \$10,650.93 were approved for payment.

A by-law to authorize the sale of land was given three readings and passed, to be numbered by-law 79-18.

Council decided to pay Thompson Crushed Stone and Gravel Limited, 85 per cent of a total gravel contract amounting to \$11,148.80, reserving 15 per cent, \$1,967.44 for a period of 37 days.

The clerk was authorized to send a letter to the owner or agent of the owner of Lot 19, Concession 11, requesting the removal of an obstruction causing flooding of the former CN property which is now municipal property.

The municipality will advise the owner of Part Lot 25, Concession 12, that the rail-

road bed going to the property is not in the road system and therefore is not maintained.

The Ministry of Transportation and Communication will be asked to put a finger-board at Highway 648 pointing to Otter Lake Road (formerly Sunset Cottage Road), council decided.

The clerk was authorized to send a letter to the Monmouth senior citizens club indicating the intent of the questionnaire and asking for the cooperation of the members of the club.

Council also authorized the clerk to write R. G. Tress, inviting him to the next council meeting (or when possible) to provide some clarification about the problem concerning the right-of-way crossing his property. The clerk was asked to obtain a legal description of Mr. Tress's land.

By-law 79-5 will be amended to charge a fee of \$10 for basement construction under existing structures and further amended to charge a fee of \$7.50 per month for all construction trailers on site during building construction.

Ken Noble was given permission to attend the M.L.E.O.F.C. September 16, 17 and 18. Mileage, accommodation and registration fee will be paid by the township.

A car allowance of \$500 a year will be added to the by-law enforcement budget, retroactive to May 1, 1979.

Council voted to accept the application of Robert Lane for rezoning from RU to ML-2, Lot 12, Concession 8.

Council also decided to accept the application of William Thomas for rezoning on the north part of Lot 34, Concession 14 from RU to M2, Extractive Industrial Zone.

The change room at Wilbermere beach will be removed by the end of the month, council decided.

Permission will be given to property owners or agents for land fill on part Lot 18.

Concession 11, namely Buster Anderson, Mrs. Vera Riel and Mrs. Karen Stock.

Council decided to support the Ontario Municipal Recreation Association resolution stating that the use of

Wintario funds only for recreation and cultural projects should be continued.

Resolution #4 of July 4, 1979 Cemetery Board was accepted by council.

The Ministry of Health's helicopter ambulance touched down at Minden Red Cross hospital Friday afternoon to pick up a critically injured victim. The helicopter then transferred the victim to Sunnybrook Hospital in Toronto where he is being treated in intensive care.

Teachers ratify two year contract

according to a formula that will add \$20 to the salary of all elementary school teachers for each one tenth of a percent that the consumer price index rises between May 1, 1979 and April 30, 1980. The clause is capped at 10 per cent, or a maximum of \$2000 per teacher, regardless of the actual CPI change if it ex-

ceeds 10 percent over the 12 month period.

Principals and vice principals in the elementary system will get no increases in their allowances for the positions, with salaries remaining at the 1978/79 contract level.

Only other change in the new contract is a change in recognition of the Qualifications Evaluations Council of

Ontario (QECO) ratings. The scheme allows elementary teachers who take Ministry of Education courses in the summer months to move up in categories according to the number of courses completed. The completion of five such courses will move a teacher to a higher category under the QECO rating system acknowledged by the board in the new contract.

Sewer connections are proving elusive

plaint to the municipality reporting the difficulties. Dick Schell, by-law enforcement officer, said he thought, "there were about six people" who have had problems finding the connections.

But Gene Newell, sewage plant operator, said "to my knowledge there was only one that we had any problems with (the Willis case), and we figured that out when the engineer had agreed that the map had been drawn up

based on...an improper measurement."

Newell felt the reference objects were basically where the confusion had started, but added the other complaints may have been made by people "whose" connections were "out about one or two feet. When you start measuring something 89 feet in one direction and 78 in the other and you bisect, you could be out a foot."

"But I don't think there was any great problem,"

Newell added. If anyone has any difficulties in locating their sewer service connections, said Newell, they should report it to the municipal office, and in turn, the consulting engineers who designed the system will help to locate the service.

New x-ray screens

x-rays patients receive from the machine are not significant enough to cause concern.

The preliminary report, according to the release, also includes "recommendations to improve the quality of x-rays presently being done and enable additional x-rays to be carried out as well." It adds that Dr. Taylor has been authorized to proceed with tests related to the improvements as "soon as possible." Turner said the report "is a confidential report to our board and really should be considered by them before being released to anybody."

The final report will be completed once Dr. Taylor completes testing the x-ray unit. The Red Cross is expected to act on the final recommendations.

Dr. Taylor will be returning to Minden to complete testing "sometime in early August, but I can't really speak for him on that," Turner said.

Of the preliminary tests,

the Red Cross Hospitals Board press statement said "tests conducted on the Minden hospital x-ray unit are consistent with the Red Cross Hospitals Board's program (begun several months ago) of reviewing and upgrading, where necessary, hospital facilities, equipment, programs and services."

The tests came about as a result of concerns expressed by Dr. Holliday-Rhodes, who sent a letter to Turner two months ago outlining possible malfunctions and misusage of the x-ray machine. Sonya Holliday-Rhodes contacted Dr. Taylor, who completed the preliminary tests July 6.

Dr. Holliday-Rhodes said last week that if "rare earth screens" which are a very fast type of x-ray screen, can be obtained, it may not be necessary to purchase a new x-ray machine, "which is going to save an awful lot of money. That was what we can take the x-rays which we can't do now of abdomens, spines and hips."

Rockcliffe noise exemption

from page 1 that "it's more than one person - we must also protect the people who can't have a rest every once in a while."

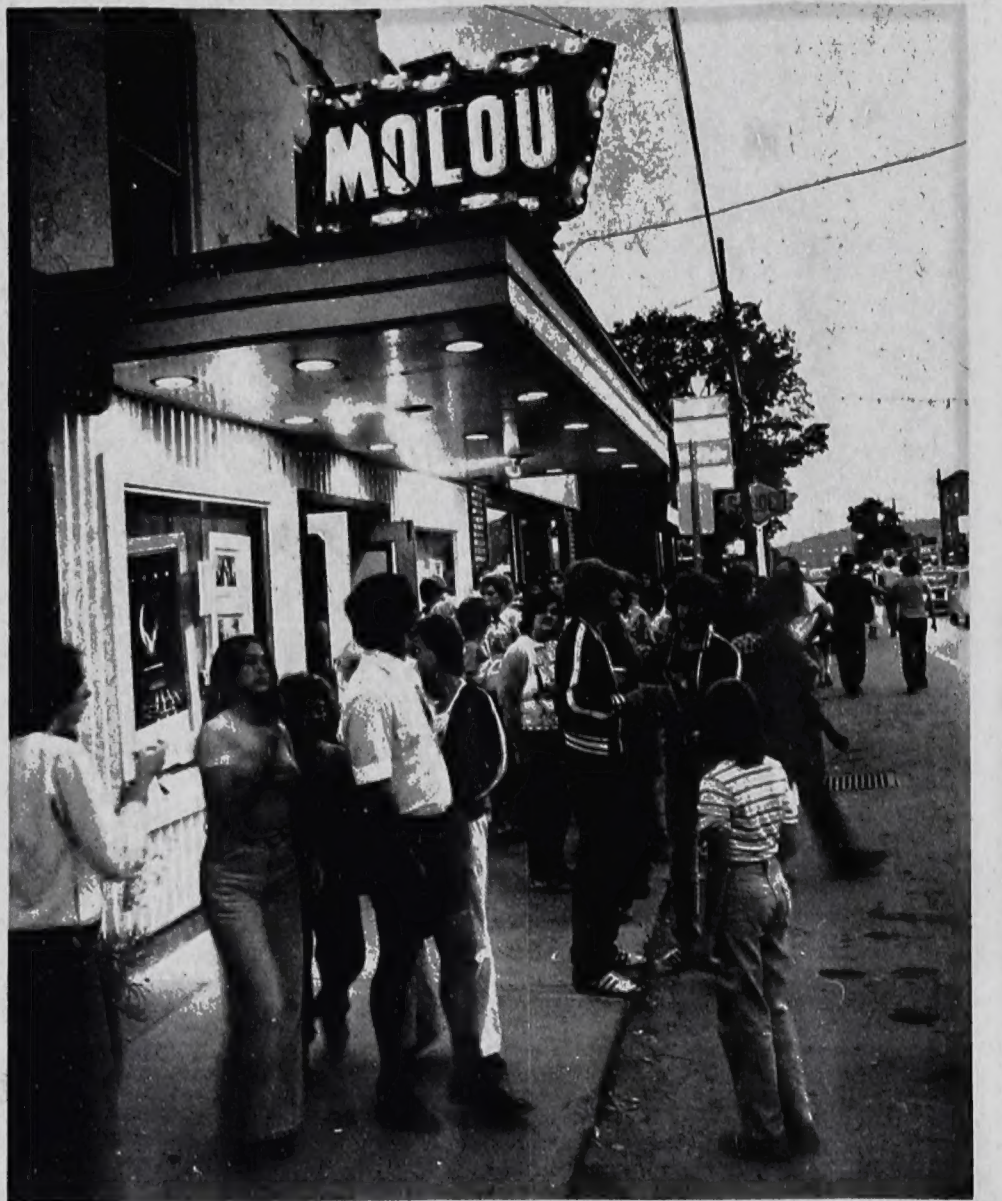

"The noise can get ungod-

ly," he added.

Willis said that if he can hire sound engineers at a "reasonable price", they'll probably suggest installing new tile at the far end of the ceiling. But the fire marshal's office demands that the tile must be of a fire-retarding material. Willis said that he had both the Ministry of Environment and the Liquor Control Board to contend with. He claimed that his hotel has been the first in Ontario to be charged under the by-law.

Deputy-Reeve Doug Pritchard defended Willis' point, saying "If you live next door to a railway track, are you going to ask C.N. to move their track? No way."

Willis is hoping to get an extension on the exemption, until the end of August, and will have to submit three other reports before the end of the month.

The Molou Theatre in Haliburton is the scene of lengthy line-ups these days, as the movie Meatballs, which was filmed in the Haliburton Highlands last summer, makes its premier run over this week. This photograph was taken on opening night, Friday, and both the early and late shows have been completely sold out.

ing people: J.J. Augusteijn, a founding member of the Guild; Carl Heinke, a local artist and a founding member; Ron McCaw, founder of the organization of the Guild of Fine Arts; Bruce Mills, a member of the first organized art group in Carnarvon; Douglas Hodgson, director of the Board of Education, and past Guild director; Ronald Curry, past Guild director for 10 years; Mary MacCaulay, a member of the Board of Regents of Community Colleges in Toronto; and Thilde Nevitt, who organized and operated the first summer exhibition, which she continued to do for nine years after.

Carol Finn was all smiles last Saturday as she received special mention and congratulations at the official opening of the Rail's End Station Gallery in Haliburton. Introducing Mrs. Finn to the audience are Don Popple and Murray Fearrey.

A full slate of activities planned for weekend

Country Good Times set to go

A visitor to last year's event summed it up in three short words: "It's a blast!" 20 year old Denise Schoffe of Scarborough said of the Country Good Times weekend in Wilberforce.

Denise was one of hundreds of people who took part in the festivities at Country Good Times last year. This year's event, slated for Friday, Saturday and Sunday, is expected to provide an even greater measure of activity, entertainment and just plain fun for all who turn up.

The Country Good Times weekend, one of the highlights of summer in Haliburton County, gets underway Friday afternoon when a midway and concessions open beyond the Lloyd Watson Memorial Centre.

At 6:30, contestants will line up in the Watson Centre to compete in the talent contest. Open to all, the winner will be named queen for the weekend's activities. Last year's winner was Julie Simmons.

Following the beauty contest a country and western jamboree will be held in the Monmouth arena, a special occasion permit has been obtained. For the younger set, there'll be a teen dance at the Memorial Centre featuring the music of the Falcons.

Saturday will be a busy one at this year's Good Times with entertainment, a parade, an amateur contest and numerous other activities to keep visitors on the go throughout the day. At 10 a.m. a trade and home show will open in the curling arena and will continue throughout the day. At the same time the doors of the Lloyd Watson Centre will open for a super Flea Market that promises to offer plenty of interest for those who like to browse. At 11 a.m. there'll be a bake sale and bazaar, and at noon the midway gets underway again.

The Country Good Times parade has proven to be one of the area's best in past years, and this year's version is expected to be no exception. Featured will be Foster's Clown troop, the Brampton Clown Band, majorettes, marching bands and floats. Prizes will be offered for the best floats and for the best decorated bicycles.

At 2 p.m., live entertainment will begin in the arena as a warm up for the talent contest. Amateur musicians, singers and dancers from across the county and the surrounding area will compete for prizes. From 2:30 to 4 p.m. it will be kids day at the library, and the museum from the Royal Ontario Museum will be on hand to give people an opportunity to learn more about Ontario's past.

At 9 p.m. the Country Good Times Ball will begin in the Lloyd Watson Memorial Centre. Music will be supplied by the Misty River Ramblers.

Sunday is another big day of events in Wilberforce, beginning with a pancake

which was touching the car's bumper. Damage to the car was estimated at \$2000. There was no estimate of damage to the pole or lines, or of other damage that may have been caused by the lengthy power outage.

Police say charges are pending as a result of the accident.

Energy costs hurting tourism, Chamber manager believes

Energy shortages in the United States and the rising costs of gasoline in Canada are already beginning to effect tourism in Haliburton County, the manager of the Haliburton County Chamber of Commerce said last week.

Speaking at a meeting of the Haliburton Rotary Club, Bob Stinson cited trailer parks as an example of area businesses which are feeling the effects of the developing oil crisis.

"Trailer parks are now experiencing their worst year since I have been involved with the Chamber," Stinson said. The "only answer" for trailer park owners is to develop seasonal rentals, "because people simply can't afford to draw gas eating trailers and motor homes back and forth any longer."

The Chamber manager said the Chamber is now attempting to find out what area cottagers think about the energy crunch, and has found that "many (cottage owners) just aren't thinking about it."

"They don't believe the problem is real and are convinced it will go away."

The effects of rising prices, potential shortages and possible rationing of fuel will "depend on how we react, and on how prepared we are to adapt to new circumstances," according to the Chamber manager.

The Chamber has asked for a five year freeze on the closing of the railway line between Lindsay and Haliburton Village, "to allow for the energy concerns to be properly assessed."

"One thing is certain," Stinson said. "People will continue to take vacations, and they will continue to take them in the country such as ours. But how they get here and back, the frequency of their visits and how they move about when they get here are going to change."

In a wide ranging speech that touched on acid rain, the economic development commission, and future projects, as well as the effect of energy on tourism, the Chamber manager said he felt Haliburton Village is "on the verge of something great," and that its potential "is fantastic."

"There is something lacking however" - a sense of pulling all this together," Stinson said.

Key to the village's development in the near future is the formation of a business improvement area, or BIA, Stinson told Rotary members. "Over 80 towns in Ontario

have now adapted this idea to upgrade their towns. Many of those towns ... have far less stake in the tourism market (than Haliburton Village) but they have recognized that in order to encourage shopping in their locations, you must make it convenient and as enjoyable as possible."

"I urge you, if you are a downtown business man, to get something started," Stinson told the meeting. "And if

you are not, at least encourage those who are, for the net results can have far reaching effects on us all."

On the problem of acid rain, Stinson said the most encouraging sign in all the publicity about the problem at the moment "is the recent news that acid rain may be reacting with pipes to make drinking water dangerous in the Great Lakes region."

"As long as the problem only affected lakes in Hal-

burton and Muskoka, we're a very small voice fighting an enormous problem, but if the effects are more widespread, something will now be done."

In closing, Stinson told the group that "the future, although it will be trying and possibly confusing, looks good for those who are prepared to adapt and change their old ways to suit the new situations as they develop."

Airport licence called 'iffy', council against longer strip

Stanhope airport meets current Department of Transport standards for a 1500 foot licence, but a number of hazards must be removed from lands bordering the strip to keep that licence intact. And before the airport could have its licence extended to 1800 feet, large trees on private land bordering the strip would have to be topped or taken down entirely.

Stan Moore, chairman of the Stanhope Airport Committee, told a meeting of council last Wednesday that an inspector from the federal Department of Transport examined the strip last Tuesday, and pointed out a number of hazards that had to be removed. Moore said the DOT representative indicated

that the facility is "iffy" because of trees on hills surrounding the north end of the grass strip. At 1500 feet in length, the strip is "marginal" for even the smallest aircraft, Moore said, adding its licensing could be extended to 1800 feet if trees in the area were topped or taken down as necessary.

Council, however, was against attempting to lengthen the strip.

Reeve Jim Harrison said he would "question whether it should be lengthened," and said the strip existed for small aircraft pleasure flying only. "Those trees have been there since day one," the reeve said.

Moore countered that the trees have grown bigger since

the original 1500 foot licence was obtained.

But council was against any move to lengthen the strip, fearing that tree removal could cause "hassles" between the township and land owners adjacent to the strip.

"It's a quaint little airport, and I'd like to keep it that way," the reeve said.

Council agreed that the airport committee should look into doing the work that the DOT inspector deemed necessary to keep the strip usable at 1500 feet, but that no thought of expansion would be entertained at the moment.

Fitness. In your heart you know it

Twelve Mile road speed cut sought

Some 40 property owners have signed a petition calling for reduced speed limits on Twelve Mile Lake Road. The petition was presented to Anson, Hindon and Minden council last Wednesday.

Jack Weekes, representing property owners on the lake, told council that a growing number of speeding cars on the road are making conditions unsafe for children. "It's a bad place," said Weekes.

The speed limit is now posted at 40 kilometres per hour, and Weekes said the property owners feel it should be reduced to 25 km./hr. Ministry of Transport and Communications approval must be given for any official speed limit changes; however, the municipality involved can assign an unofficial speed to the road. But that

speed would not be in line with MTC standards. A road's speed limit is determined by a number of factors, including population and road usage and as Anson, Hindon and Minden Reeve Sinc Nesbitt pointed out, "just because you put a new sign up, it doesn't mean people are going to slow down."

Nesbitt added that "there's not much point in approving something that can't be enforced." Council thought the Highway Traffic Act implied speed limits cannot be enforced if the limit assigned is under 50 km./hr. A spokesman at the OPP detachment in Minden said, however, "if a guy's barreling down the road over the speed limit in a residential zone, I'm not going to let him get away scott-free."

Council did not agree to assign a lower speed limit, but, upon further discussion, decided to ask the OPP for any recommendations, and request a closer patrol of the road. A copy of the letter will be sent to the Minister of Transportation and Communications, James Snow, and council will also request that special speed consideration be given to Twelve Mile and similar roads in the municipality for the summer. The letter will also inquire about the possibility of building speed bumps on roads in the municipality where speeding is becoming common, as well as the criteria the Ministry use when judging whether a speed limit should be changed or not.

A copy of the petition will also be sent to Snow.

Cottage breakin loss \$3500

Thieves who forced a window in a cottage on Boshkung Lake escaped with goods valued at \$3,500.

Minden OPP say the breakin, at a cottage owned by Robert J. Ryan of Toronto, occurred sometime between July 6 and July 13.

Legion Carnival goes tonight

Five marching bands will highlight this year's Legion Carnival parade, which gets underway at 7 p.m. tonight (Wednesday).

Expected to be on hand for the parade are the Ontario Provincial Police Pipe and Drum Band, the Haliburton Legion Pipe Band, the Bracebridge Legion Band, the Canadian Knights Drum Corps., and the Port Hope Sea Cadets Band.

Colour parties from Apsley, Wilberforce, Kinmount, Cobocok, Fenelon Falls, Bobcaygeon and Haliburton will also participate in the parade.

Following the parade, a precision drill to music will be presented by the Canadian Knights at the fairgrounds, along with concerts by the other visiting bands.

Also featured at this year's Carnival will be rides, booths and games of chance along the midway, which opens at 1 p.m.

The carnival will wind up with a dance to the music of the Ike Kelneck Band.

The spirit that gets things done

It took countless hours of hard work and a large measure of determination, but last Saturday, it all seemed worth it. That was the day the new Rains End Station Gallery opened its doors to the public for the first time. The Gallery was a unique project from beginning to end, a project that would not have been possible without that most essential of ingredients in any community oriented undertaking, a spirit of co-operation.

For years, the station stood unused. Like so many other stations across the country, it had outlived its usefulness and was falling into disrepair. In a few more years weathering and decay from lack of use and care no doubt would have led to its demolition. Had that happened, a significant reminder of Haliburton Village's past would have been lost forever.

Fortunately there were people in the community far sighted and concerned enough to ensure that no such fate awaited the old station. To the Haliburton Highlands Guild of Fine Arts, it seemed a perfect chance to get the permanent location the growing organization felt they needed. The idea took root and plans were soon underway to test the project's feasibility. When preliminary studies indicated it could be done, the Guild approached the municipality. There they found support to acquire the building, which CN no longer wanted, and to get the project off the ground.

From the beginning, council has demonstrated that it recognized the project as a worthwhile effort. Other governments have responded in the same manner. Wintario funding helped meet the capital cost of the venture, and Canada Works grants paid for the labour that turned the decayed building into an art gallery and meeting place for the Guild and other community groups.

It was difficult work, but those who spent months restoring the old station put their hearts into the task. New wood, new paint and a host of changes to the building's interior made the transformation from dilapidated station to art gallery possible.

Last Saturday's opening was proof that an idea can become a reality if it is supported from the outset.

The new station gallery is an important addition to the community. It will provide a centre for the creation and appreciation of art that has previously been lacking in Haliburton Village. For years to come it will stand not only as a useful and attractive building, but as a testament to what can be accomplished in a small community if an idea is right, and if people in a position to support that idea have the wisdom and foresight to recognize its value.

In no small way the Gallery makes Haliburton Village a better place than it was before. No one could ask more of a project.

A silver lining

Residents of Minden and the surrounding area received reassuring news this week with the release of a statement from the chairman of the Red Cross Hospitals Board. In a press release, David Turner said an inspection of the x-ray facilities at the Minden hospital by Dr. Ken Taylor, an expert in the field, indicated that the equipment was emitting four times as much radiation as it would under optimum conditions, but that the present level was still "well within normal limits."

Concerns over x-ray machines have been widespread in the province in recent months, and the concerns may well have been felt by people in the Minden area. The fact that the machine has now been tested should help to allay any fears patients may have had, and should help local doctors to use the facility to best advantage.

The testing program will have other benefits for the Minden hospital as well. New screens for the x-ray machine are expected to be cited in Dr. Taylor's report as one means of reducing the current level of radiation emissions. If the Red Cross Hospitals Board sees fit to purchase those screens, x-rays that have not previously been possible at the Minden hospital will become available.

Net result of all the concern about the x-ray machines then may well be an improvement of the overall health care potential of the Minden Red Cross Hospital.

It's a turn of events from which local residents are sure to benefit.

"Serving the Highlands for over 85 years"

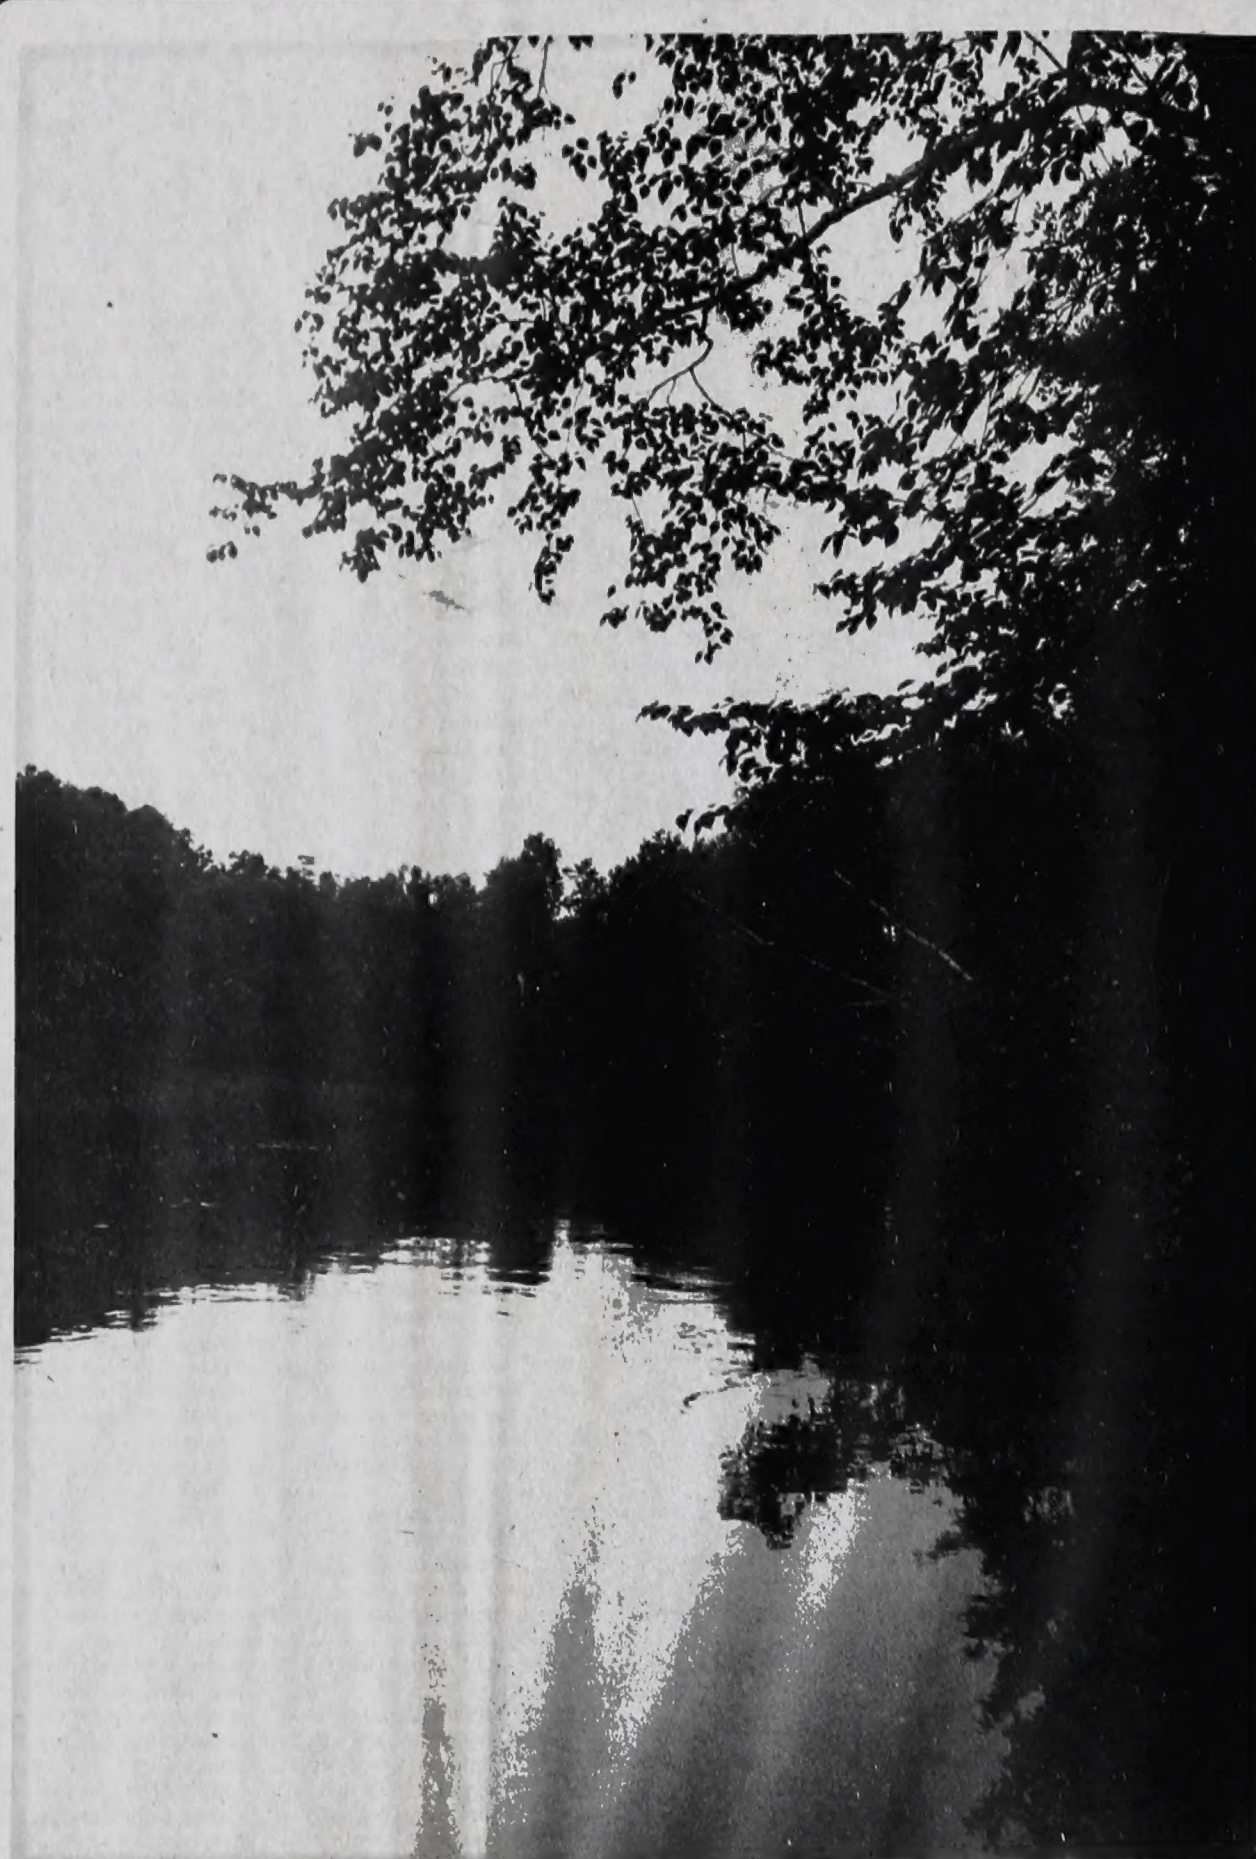

The Haliburton County Echo is an independent newspaper serving Haliburton and Victoria Counties for over 85 years. Established in 1882 as The Minden Echo and Haliburton Recorder and amalgamated with The Minden Recorder in 1977. The Haliburton County Echo is published by Algonquin Graphics Limited in Haliburton, Ontario, Box 380, K0M 1S0, Phone 457-1037.

Advertising is accepted on the condition that, in the event of a typographical error, the portion of the advertising space occupied by the erroneous item, together with a reasonable allowance for signature, will not be charged for, but the balance of the advertisement will be paid at the applicable rate.

In the event of a typographical error advertising goods or services at the wrong price, goods or services may not be sold. Advertising is merely an offer to sell and may be withdrawn at any time. The Publisher reserves the right to restrict all ads as to their classifications and to edit or reject any copy.

Letters to the Editor

To the Editor:

I don't know whether or not your newspaper is the right place to air my views but I am going to give it a try.

At 7:10 a.m. July 9 I noticed a cat acting very strangely in our back yard. When I was about to leave the house at 7:30 a.m. it had moved around the house to the front. I was afraid to go out in case or rabies, but I finally did.

The cat eventually moved across the street to a neighbour's yard. It lay there drifting in and out of consciousness all day.

We called the O.P.P., who told us to call the dog catcher. We tried calling him but since he works almost 100 miles away, your chances of getting him are very slim.

We tried Bexley Township's dog catcher (who lives on our street) but he said it wasn't in his territory.

We called the reeve and he said he would try to get someone to come up.

That night the cat moved out into the middle of the road. I then called the O.P.P. who suggested I call the dog catcher, when I explained about not being able to get hold of him, it was suggested I call the Orillia Humane Society.

I called there to be told by their answering service that Cobocok is not serviced by the Orillia Society and no, she could not suggest where I might call.

I then called the Ministry of Natural Resources which rings through at a provincial park. No help

there either.

So I called the O.P.P. again. The officer called our reeve who said he would come up the next morning himself.

Another neighbour ended up shooting it the next day. I would really like to know why the cat was left suffering for a minimum of 24 hours. Nobody knew if it had rabies or not and nobody really seemed to care.

I am not an animal lover by any means, but the manner in which the cat suffered was very cruel.

I would just like to say thank you one and all, who kept passing the "buck".

Yours truly,
Debbie Anglers,
Cobocok, Ontario

To the Editor:

To all the thoughtless people who think "cop-bashing" whether verbal, or physical is smart, just ask yourselves:

How long would a town like Bathurst in New Brunswick, or any other city in Canada exist without law and order?

The "Cops" are the grease that keeps the wheels of civilization turning. After the shocking fiasco in the streets of Bathurst, you'd better believe it!

Sincerely,
Claudia Say,
RR 2, Minden, Ontario

Editor's Notebook

by Len Pizzev

In celebration of the International Year of the Child, the Haliburton Highlands Guild of Fine Arts decided that its program of summer theatre this year would offer plays both suitable and entertaining for children. So far, the project is proving to be less of a success than the Guild had hoped. Attendance at the first performance of the season July 1 was disappointing. If the next performance, "Punchinello", a presentation by a small group of artists dedicated to puppetry also fails to generate sufficient interest in the community, the future of summer theatre in Haliburton could well be in doubt. And that would be a shame.

It's true of course, that theatre does not appeal to everyone. For some it may seem too artificial, too complex, too demanding. Watching theatre requires a "willing suspension of disbelief" that is not always the easiest thing for an adult to master. Rooted in objective reality as adults tend to be. But for a child, believing in the reality of theatre's created world is not at all difficult. Children, as just about everyone knows, have an uncanny ability to accept the imaginative reality of a theatrical world as easily as they accept the physical reality of a world they can touch and taste and smell.

Theatre is an art form that presents subjective truths by cloaking them in an objective world of cleverly designed and carefully created illusion. Adults may have to work to understand the message or themes of a serious play. Children never do, because to them what they see on the stage is as real as the objects they see in their own back yard.

Taking a child to a children's play is a magical experience. Watching their eyes light up, seeing them become engrossed in an imaginative world, can give any adult a pleasure that cannot be found in any other way.

The Guild of Fine Arts is providing people with an opportunity to share a little of the magic of children's theatre with youngsters. Such opportunities are rare in Haliburton County. There may not be any more of them in the near future if area parents do not support the project by bringing a child to see "Punchinello" and the other summer offerings.

Show time is Saturday, July 21, at 8 p.m. at Haliburton Highlands Secondary School. Be there, if you can and bring a child with you. It will probably make you feel years younger.

Feir Play

by Creighton Feir

The beginning of the summer season of carnivals and big events begins tonight (Wednesday, July 18) when the Haliburton Legion will be presenting their 34th annual carnival and parade. Each and every year the Legion is trying to upgrade their parade and in past years it has been a disappointment. This year they have made an attempt to do something and put on a better parade with plenty of bands and music. Bands that have been booked and ready to go in the parade are the Ontario Provincial Police Pipes and Drums Band, the Haliburton Legion Pipe Band, the Bracebridge Legion Band and the Canadian Knights Drum Corp from Peterborough. Expected, but still not confirmed, is the Port Hope Sea Cadets Band. Following the parade a concert will be presented by the O.P.P. Pipe Band and a special musical drill will be put on by the Canadian Knights. The carnival parade will also feature colour parties from Apsley, Wilberforce, Kinmount, Cobocok, Fenelon Falls, Bobcaygeon and Haliburton. A midway and rides will be in operation at the fairgrounds starting at 1:00 p.m. and in the curling arena you will find hamburgers, pop, games of chance and live entertainment featuring the Ike Kelneck Band with a dance and refreshments. There will be bingo in the Legion auditorium starting at 8 p.m. The parade, by the way, gets underway at 7:00 p.m. At the close of the evening a draw will be held for a 1979 Thunderbird car at the Haliburton Curling Club.

Just recently we touched on the subject of household garbage being placed in the Ministry of Transportation and Communications litter barrels as well as those put out for your use by the various municipalities in Haliburton County. May we remind local citizens, visitors and cottagers that these barrels are for the use of litter only. Household garbage is meant to be taken to the local dumps. Please keep this in mind.

Just recently a friend of mine from Minden, handed me an old copy of the Watchman Warder printed in Lindsay, Ontario on May 31, 1944. It was slightly tattered on the edges. The big news on the front page in this particular issue was a welcome to the Hon. John Bracken who was at that time the leader of the Federal Progressive Conservative party. Other news at that time was that a gunman at Waterdown was routed by shots fired by former Lindsay banker. The Glorious Twelfth that year was celebrated at Fenelon Falls. Stan Pitts was the publisher of the Watchman Warder at that time and it was a really good weekly.

The plight of refugees adrift in a faraway ocean has brought out the best and the worst in Canadians. Many letters to the editor have been published in the Toronto dailies and several weekly papers in Canada. Many of the letters have been in protest to Canada offering aid and living space to the boat people while others have expressed compassion and concern and many are willing to back it up financially. It's all fine and dancy for many of us living here in Canada to sit back in our cosy little surroundings and say, oh well, we'll let the rest of the world go by. Some people have remarked that we should let them drown while others say why bring more people into the country when we can't give employment to those that already live here. Granted we can't take all these unfortunate people in but we can do our part to help as many as we can. It's the Christian thing to do. Let us put ourselves in the same position that the boat people find themselves in today, with our own family's lives at stake, and I'm sure that we would all have a different outlook on this matter. You say that it can't happen here in Canada. Maybe not, but there is always the possibility that it can. Most people here in Haliburton are concerned about this matter and are willing to put their name on the line to help whether it be in a financial way or are willing to help in any way they can.

On a recent weekend, the Village of Haliburton was hit with a rash of break-ins. Four businesses were hit and this is not the first time that something like this has happened. Local businessmen are getting up in arms and as two of them told me last week, it's not only the financial losses they have to contend with but that it's the aggravation and frustration that goes along with it. We have had enough of this foolishness and a stop must be put to it.

It's all aboard for Wilberforce this coming weekend for the annual Country Good Times weekend. It will be held this Friday, Saturday and Sunday, July 20, 21 and 22. The weekend will feature a midway, concession booths, beauty contest, country and western jamboree, teen dance, trade and home show, flea market, bake sale and bazaar and the highlight will be a monster parade on Saturday at 1:00 p.m. featuring Foster's Clown Troop, Brampton Clown Band, majorettes, marching bands, floats, prizes for best floats and decorative bicycles. Also on tap will be live entertainment in the arena, amateur contest, kids day at the library museumobile, Country Good Times Ball, pancake breakfast and much, much more. We could go on and on and tell you about the many events that are awaiting you when you attend the Country Good Times weekend at Wilberforce this coming Friday, Saturday and Sunday.

We have heard a lot lately in the daily newspapers re: the subject of the possibility of 1.5 litre soft drink bottles exploding. Some of the local merchants have started to panic and have taken them off their shelves, while others have left them on. We were interested in an advertisement inserted by Coca Cola Ltd. in a recent issue of the Toronto Star. The advertisement was headed, "All 1.5 litre soft drink bottles can shatter. Our design resists it." The ad went on to read that Coca Cola is not sold in the "narrow-neck torpedos" shaped bottle that has received recent adverse publicity. It goes on to read that Coca Cola is bottled in its distinctive "wide-neck squat" package. Recent tests by Dr. Barnham of the University of Toronto and the Product Safety Laboratory of the Federal Department of Consumer and Corporate Affairs have demonstrated that it is stronger, less likely to shatter and explode. According to the advertisement, Coca Cola Ltd. will continue to offer Coke in its unique 1.5 litre bottle.

From the Chamber

by Bob Stinson

GUILD GALLERY OPENS

A major milestone in the development of the Haliburton Guild of Fine Arts was witnessed Saturday by a substantial crowd of well-wishers. The Guild now has its own functional building which will provide office space, meeting rooms, and a gallery display area. Housed in Haliburton's restored Railway Station it has been named "Rails End Station Gallery." The building is a tribute to all the volunteers who worked so hard to make it a reality, and the political bodies who provided the necessary co-operation. The Gallery will hold ever changing exhibits of both local and worldly crafts of exceptional note. It is the only gallery of its type outside beyond the metropolitan area. We recommend you visit it over and over again throughout the year.

The Guild is not finished raising money towards this worthwhile project yet, and to this end are holding an Auction Sale on Saturday, August 4, at 10 a.m. They are still gathering items for this auction such as, skates, good used furniture, garden tools, skis, skates, dishes, toys, paintings, etc. Articles may be donated or placed on consignment at 20% commission. For further information call 457-2024 or 2330.

SIR SAM'S HOSTS RECEPTION

On Saturday evening a regular parade of boats on Eagle Lake cruised in front of Sir Sam's Inn curiously observing the over flow crowd that had gathered to celebrate the opening of the gallery and pay homage to a number of Guild founding members. It has been many years since the Inn had shown this much activity and local cottagers could certainly be forgiven for wondering what in the world was happening.

New owner of the Inn James Orr proudly showed off the many changes they have made in the facilities to the guests and a beautiful buffet supper was served in the dining room and consumed on the spacious lawns and around the pool. The evening was highlighted with a presentation of the talented Guild of Fine Arts Choral Society.

A HALIBURTON BOAT CRUISE

Doug Russel of Muskoka Boat Tours is considering moving one of his big Cruise Boats into the "centre" of the Haliburton Highlands next year. This is a 60 passenger boat complete with washrooms, stewardess and first mate, and would be a most welcome tourist attraction to our area.

In the meantime, in order to provide some service to our area this summer, Doug will run "Miss White Pine" out of Dorset every Thursday afternoon at 2 p.m. for a three hour cruise on Lake of Bays. The charge is \$6.00 for adults, and \$3.00 for children and departure is from the government dock at Dorset. "A must" while in Haliburton.

COMING EVENTS

The Canadian Legion are holding their annual Carnival this Wednesday, July 18th in Haliburton with a parade at 7 p.m. and a carnival and midway at the Community Centre.

In Wilberforce the now famous "Country Good Times" runs through this week-end. On Friday night there is a Beauty Contest, a Teen Dance and a Country and Western Jamboree. On Saturday events commence at 10 a.m. with the main features of the parade at 1:00 p.m. and two "Good Times" Balls at 9 p.m. Sunday starts off with a pancake breakfast at 9 a.m. and a brand new event this year at 11 a.m. -- a "Pony Pull." This will be followed by the light and heavy class Horse Draws in the afternoon. There's something for everyone going on all the time -- and the Good Times continue to win praise from all who attend -- probably due to the abundant hospitality provided by the folks around Monmouth. They "Treat You Royally."

Summer Theatre, sponsored by the Guild of Fine Arts continues to feature offerings in honour of the Year of the Child and this Saturday, July 21st will present "Punchinello" at 8 p.m. at the Haliburton Secondary School.

Local businesses are reminded to get their floats prepared for any or all of the upcoming parades. Following the above mentioned Wilberforce and Legion parades we have Minden Carnival July 25th, Haliburton Carnival August 2nd, Haliburton County Fair, August 11, and the Kinmount Fair, August 31.

Pic of the Past

Our thanks to Bert Howe of Haliburton, Ontario for submitting this photo of a group of men who were re-building the Black River Bridge in the 1920's. Pictured from the left on the railing Guy Bain, Clayton McKay, Bert Fry, Bert Walker, ..., Ern Hewitt, Bill Peck, Mark Sisson. Front row from the left, Percy Peck, Earl Hewitt, Frank Peck, Chessel Sisson, Howard Thompson, Charles Woodcock, Tom Woods, Morgan Trumbull, Floyd Hie, Harry Hanthorn, George Nesbitt and Fred Griffin.

Bill Smiley

A couple of big anniversaries are coming up for weekly newspapers, or community newspapers, as they are called these days.

In July, the Canadian Community Newspapers Association is celebrating its diamond jubilee at a convention in Toronto. In Wiarton, Ontario, the Echo is celebrating its 100th birthday this July. I'd like to take in both, as a member of the former for eleven years and editor of the latter for the same period.

Some of the happiest years of my life, as far as work goes, were spent in the weekly newspaper business. And as work goes, it went a long way -- about sixty hours a week.

It requires a certain type of personality and outlook to be a happy weekly editor. Or it did when I was one. It's a lot different now, with young, hard-nosed editors, fresh out of journalism school, imitating the techniques of the dailies.

First of all, you had to have a complete lack of material desires. You could make a living, but you never got rich, or even well to do.

Next, you had to keep your back shop happy, the printing staff. And anyone who has ever tried to keep a printing staff happy knows that it's about as easy as attending a picnic of rattlesnakes without being bitten.

Then, of course, you had to tread the thin line between being fearless, independent and outspoken, and selling enough advertising to keep body and soul together. The guy who attacked the town council for some nefarious by-law, and they guy who went out and tried to sell ads to the six merchants on the town council were the same guy, very often.

There were the inevitable typographical errors to harry the obfuscated editor. In a wedding write-up, the bride very often came out as the "bridge". In funeral accounts, the pallbearers were apt to be described as "six old fiends" who carried the coffin to its final rest.

In a small town, there are currents of jealousy and antagonism and family feuds that run deep and strong.

Praise a local politician for making a good move, and his third cousin from the other side of the family would call you up and tell you, with vivid detail, what a snake-in-the-

grass your first man was.

Venture to criticise, however gently, an athlete or a public figure, and you'd have your ears scorched by eighty-four close relatives who normally despised the guy, but rallied to their roots when an aspersion was cast on the clan.

Hell has no fury like a Women's Institute whose boring account of its meeting, including everything from who said Grace to what they ate, was cut by the blue pencil.

And then, of course, there were the drunks who would call you up at 3 a.m. to ask you to settle an argument about who scored the final goal in the 1934 Stanley Cup playoff. And the kooks who would call you up and try to plant a libellous rumour, or demand that you come out to the farm and take a picture of their home-made threshing-machine.

There was always some country correspondent furious because her "news", consisting of who visited whom on Sunday afternoon, was crowded out by a rush of late advertising. "Why don't you leave out some ads?"

There was no lack of variety in the weekly business, when you were reporter, editor, advertising manager, proof reader, and general bunbun for the tyrants in the back shop.

I distinctly remember a St. Patrick's Day night, when there was an unexpected heavy fall of snow. An elderly gentleman of Irish descent had been celebrating the day in the pub. When he hadn't arrived home by ten o'clock, his housekeeper called for help. The local pubs were alerted, and the hockey rink, where there was a game in progress. Most of the male population, at least half of the half-lit, stormed off to search for the missing man. We

found him, covered in snow, about a quarter-mile from his house. Back to the rink and the pubs.

I remember shouting at deaf old ladies who were celebrating their ninetieth birthdays, and getting some of the most surprising answers.

"How long has your husband been dead?"

"Nah, he never was much good in bed."

"To what do you attribute your long life?"

"Yes, I was always a good wife." And so on.

To be a successful editor, though not necessarily a good one, you had to continually straddle fences. This becomes a bit of a chore after a while.

You had to be able to write on demand. I remember one week when there was absolutely nothing to fill a two-column, four inch space on the front page. In about twenty minutes, I knocked out eight column inches of sparkling prose in which the reader had to read to the end to discover that nothing worth reporting had happened that week.

It sounds as though I'm knocking the game. Not so. These are fond memories. And there were rewards, most of them intangible. It was kind of nice to be introduced to strangers as "our" editor. It gave satisfaction when a subscriber from away down in the States dropped in on his way to the summer cottage and said, "Sure liked that piece about the deer hunt."

And there was a certain quiet pride in one's status. My daughter, aged eight, produced the fitting requiem when I left newspaper work and went into teaching.

"But Daddy," she observed, "that means you're not The Editor any more." I sadly agreed.

Report from Queen's Park

by MPP John Eakins

In the past few years, a number of people in Victoria-Haliburton have contacted me regarding gravel pits and their rehabilitation. I am pleased to say that new legislation with more stringent operating and rehabilitation standards, as well as increased licence fees and rehabilitation security deposits paid by operators was introduced in the Ontario Legislature on June 14, 1979. The Aggregate Act (Bill 127) will replace Ontario's eight-year-old Pits and Quarries Control Act. Natural Resources Minister James Auld, in introducing the new bill, said the changes were recommended by a ministry-appointed working party which examined, among other things, rehabilitation of pits and quarries. He said the working party concluded that vague or general reference to rehabilitation in the present act has resulted in insufficient rehabilitation work being carried out in some parts of the province.

The new act has three purposes: (1) To provide for the management of the aggregate and Crown aggregate resources in Ontario; (2) To control and

regulate pits and quarries, wayside pits and quarries and Crown aggregate pits and quarries; (3) To require the rehabilitation of land from which aggregate or Crown aggregate has been excavated.

The working party also recommended that a rehabilitation security deposit paid to the province by pit and quarries operators to ensure funds are available to rehabilitate licensed sites be raised to eight cents per metric tonne of material extracted from the present two cents per imperial ton. Many features of the new act are the result of experience gained over the years by the various interests concerned with The Pits and Quarries Control Act. One such feature is an annual licence fee of six cents per tonne annually, four cents of which will go to the local municipality, one-half cent to the region or county, one-half cent toward the rehabilitation of old abandoned pits and quarries, and one cent to the province.

At the same time as the new legislation was being introduced, the minister released a separate study commissioned by the ministry which came to the same conclusion as the working party on inadequate rehabilitation. The report, entitled "A Study of Pit and Quarry Rehabilitation in Southern Ontario", is based on examinations of 258 pits and quarries covering a 25,000-acre area in Brant and Wellington Counties and Durham, Halton and Peel Regions. Generally, the study concluded that much more specific information on methods and techniques of rehabilitation must be provided to the aggregate industry if government expects to receive further cooperation from operators.

I would appreciate your comments.

Collision at home plate

Judy Faul of Wilberforce pitches strong game

Haliburton comes from behind for win

by Helen Burk

Monday night, July 9, Haliburton had to come from behind all night to defeat Wilberforce 18-17. Wilberforce had strong pitching from Judy Faul and Susan Rowbottom while Faye Schonhoffer & Nancy Maughan combined to win it for Haliburton.

Also Monday night Carnarvon played at West Guilford only to be beaten 9-1. Bonnie Stevens hit a home run for the home team while Cheryl Nicholls and Laurel Austin each hit three for 4 for West Guilford. Nancy Brink was the winning pitcher while

Belinda Brown took the loss. Tuesday night Haliburton travelled to Minden and came up with a big win. At the end of the third inning Minden had a slim 3-1 lead but in the fifth inning, Haliburton got six runs in on some costly errors by the Minden Home-stand team, allowing Haliburton to win 10-6. Marlene Wilson hit a home run for Minden and Diana Warnes also had a good night at the plate for Minden. Haliburton was led by Sheila Elston and Berry Whiteway. Winning pitcher was Nancy Maughan while Anne Hewson took the loss.

Wednesday night West Guilford travelled to Wilber-

force and came away with a 9-6 victory. West Guilford was led by strong hitting by Jennifer Meuller and Bonnie Stevens, while Lynne Storey had a good night for Wilberforce. Nancy Brink was the winning pitcher with nine strike outs while Judy Faul took the loss.

Thursday night Minden met Stanhope, these two teams always put on an exciting exhibition of good ball. Minden led four to two after three innings, then in the fourth Minden's Joan Paul, Helen Burk and Marlene Wilson each hit triples to get six runs in the inning. Lyn Winans had a perfect game at the plate for Minden. The

Darby girls Cathy and Marg helped the Stanhope team. Ann Hewson was the winner while Marg Darby took the loss. Final score was 16-8.

Woodcock, Nicholls slam home runs for Legion squad in men's softball

by Joe Banks

It was home run night for the Haliburton Legion last Wednesday at Memorial Park as Bob Woodcock and Bernie Nicholls batted in seven runs between them to give the team a 12 to 6 win over Haliburton Lumber.

The two teams met in the first game of the night, while Curry's and Larue Motors looked close in what proved to be a close match in the second game.

In game 1, Haliburton Lumber scored the three opening runs through the efforts of Gary McKnight, Tony Salvatori, and Dwight Sisson. Jim Scheffee knocked one of the runners in with his single.

The Legion bounced back in the second half of the inning, however, and following singles by Roy Scott, Hugh Nicol and a walk for Dick McLean, Bernie Nicholls laced a high ball into left field for a triple, bringing home the three runners. Randy Still scored as a result of a single by Craig Wood, making the score 5 to 3 at the top of the second.

From there, the game became one-sided as strong hitting by Woodcock, Nicholls and McLean furthered the squad's lead. It was in this, the second inning, Woodcock scored a bases loaded home run. It was his first homer of the season.

The third inning proved fruitless for the Lumber team, but the Legion pressed on. Following a single by

Hugh Nicol, McLean blasted a single into a hole in left centre field. Nicholls then sliced a double and knocked in Hugh Nicol and McLean as a result.

From that point until the fifth inning, Haliburton Lumber held the Legion, with Gary McKnight substituting for Sisson as pitcher. But Nicholls, crack hitter for the Legion, connected and sent the ball over the Memorial Park fence, smashing a car windshield in the process. It was Nicholls' third home run of the season.

It wasn't until the seventh and final inning that Haliburton Lumber began to come alive. Following a flurry of hits by nearly the entire Lumber line-up, Salvatori, Sisson and Ken Lewis tagged up at home, with big hits by

Bob Nicholls and Jim Scheffee. But it was a case of too little too late, and the Legion won the game by a final score of 12 to 6.

Game 2 saw a closer match, between the league leading LaRue Motors and second place Curry Motors.

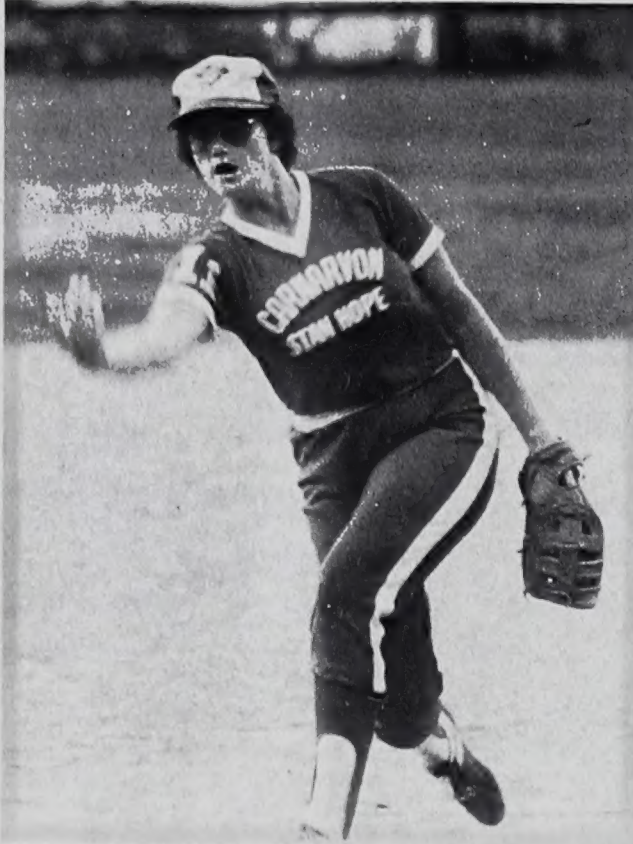

As usual, it was the LaRue squad that struck first. Strong hits on the part of Brian Mulholland, Derrell Stamp, Bob Johnston and Tom Curry gave the team four runs in the opening inning. Mark Schell of the Curry Squad responded with a triple after he laced one into centre left field. As a result of a single by Steve Roberts, Schell tagged up to score the team's first run.

In the top of the third, LaRue's struck again. This time, it was Scotty LaRue and Curry who tagged at the plate, as a result of their fine batting efforts. Curry's fought back bravely, and managed three runs in the fourth inning. A home run by Roberts batted in John Wilson and Mark Schell, both of whom had singles in that

inning. It was Roberts' first homer of the season. Norm Greenfield added another run to the Curry squad score, decreasing the LaRue lead. But it wasn't long into the fifth inning when hits by Tom Curry and John Robinson resulted in yet another run for LaRue's. From this point on, neither team accumulated any more runs, and the score remained at eight runs for LaRue's and five for Curry's. In the league standings,

LaRue Motors continues to dominate in play, with seven wins and one loss. The Haliburton Legion and Curry Motors are tussling for second place again, both with four wins and four losses, while Haliburton Lumber remains in last place, with seven losses and one win.

This week's game will not be played Wednesday, because of the Legion Carnival. The regular games will go on as scheduled Thursday night.

Belinda Brown drives one in

First competition held at Marksmen Club

An enthusiastic group of marksmen turned up Sunday afternoon at the new shooting range to take part in the first competition held by the Haliburton County Marksmen Club.

In the high powered rifle event, Gary Bradamore was by far the most outstanding competitor, according to event organizers.

The trap shoot event prov-

ed the most popular of five events slated for the afternoon. Winning chickens in the competition were Scott Young, Jim Schlosser, Art Nye, Gary Bradamore, Harold Parcell and Charlie Muli.

In the 22 rifle event, winners were Boyd Jarvis, Terry Allore, Jeffrey Lodenquai and Jim Schlosser.

Club members voiced a special word of thanks to Ron MacKenzie and Charles Muli

for providing all the range facilities and for running the day's competition.

The next shooting session is scheduled for Sunday, July 29 at 5 p.m. It will take the form of trap shooting and 22 rifle events. There will be no charge, and no prizes will be offered. Shooters must supply their own .22 ammunition. Shot shells will be available at cost.

Season open six days in Haliburton County

New deer season announced

The Ontario deer seasons for 1979 were announced recently by Natural Resources Minister James A. C. Auld.

"Licensed hunters may shoot any deer during the 1979 season, as they have done in the past," Auld said. "A major change this year, however, is that there will be no open season for elk (wapiti) anywhere in the province."

In Haliburton County, the season is six days, November 5 through November 10.

In announcing this year's deer seasons, the minister said they are basically the same as last year with the following changes:

- In Zones 6, 7B, 9 and 11A, in Kenora, Dryden and Atikokan areas, the archery season has been replaced by a primitive weapons season which lasts four days longer than past archery seasons;

- In the area north of Lake Huron, there will be no open season in Zones 34, 38 and 39 because of very low deer densities;

- Permission of the landowner to hunt on private property is again required by deer hunters on Manitoulin Island or Barrie Island in the Territorial District of Manitoulin. A deer licence is not valid on these islands unless a consent form, signed by the landowner, is attached to it. This regulation does not apply to landowners hunting deer on their own property.

- The archery season in two weeks and there will be no archery season south of Highway 401 in the Counties of Leeds and Grenville;

- A primitive weapons

season will be held for the first time in the Regional Municipality of Haldimand-Norfolk and for the second consecutive year in the Counties of Elgin and Oxford;

- The Township of Malden in Essex County has a tradition of biennial gun seasons. A gun season was held in 1978, one will not be held in 1979; and,

- Shotgun and primitive weapons seasons will be held in different parts of Simcoe County, and the number of hunters allowed to participate will be controlled.

Those wishing to hunt during the shotgun season must apply to the ministry's Huronia district office in Midhurst between September 4 and October 1, 1979. Successful applicants will be chosen by lottery on October 6, 1979. More information can be obtained from the Huronia district office.

Throughout the traditional central and eastern Ontario

deer ranges, the seasons are basically unchanged from 1978, opening on November 5, which is the first Monday in November. The firearm season on Manitoulin Island will open on November 19.

In agricultural southern and southwestern Ontario, where deer numbers are continuing to increase, the resident-only archery season will last from October 22 to December 15.

Dances, sales, bingo and log sawing contest also held

Harcourt ball tourney drew hundreds of fans

Photographs by Len Pizze

Jim Evans(left) won log-cutting trophy

Slippery bats and sun-burned spectators were a common occurrence last weekend as hot, humid weather affected both players and fans at the 8th annual Harcourt softball tournament.

Some 14 teams from as far away as London turned up to compete in the three day long tournament that drew hundreds of fans to the ball diamond in Harcourt to watch some excellent industrial league softball.

But baseball wasn't the only attraction for those who came out. There were also dances, a flea market and bake sale, a breakfast, a bingo and a log sawing competition to round out a full slate of activities.

Action on the baseball diamond began Friday evening with two games to kick of

the weekend long tournament. In first round action Friday, the Harcourt men took on Dunsford and lost a close one 4-3. In the second game Friday night, IGA took on Minden and came out on the winning side of a 4-2 score.

Following the games a disco dance drew a large crowd to the local community centre for a get-acquainted evening.

First round action on the diamond resumed at 9 a.m. when Tweed and Fenelon Falls met for what turned out to be a close game. Tweed was the eventual winner by a 2-1 score.

In the day's second game, a strong Belleville Intelligencer team met a squad from Huntsville and came out on top 4-3.

In the fifth game, Belleville

Doctors outscored Mount Albert 4-2.

In the sixth, Oshawa took West Eagle 5-0, and in the final game of the first round, London clobbered Havelock 11-0.

Consolation action got underway at 4:30 Saturday when Harcourt took on Minden and came out on the winning end of a 3-2 score.

In action on the champion-

ship side, IGA eliminated Dunsford on the strength of a 4-1 win.

In other games in the first round of the consolation side, Huntsville scraped by Fenelon Falls 7-6, and Havelock defeated West Eagle 5-2.

Mount Albert got the benefit of a by into second round consolation action.

In other games in the first round of the championship

side of the tourney, Belleville Intelligencers eked out a win over Tweed 5-4, and the Belleville Doctors clobbered Oshawa 10-2. London got a by into the second round.

Semi finals on the consolation side got underway at noon Sunday when Harcourt took on Huntsville. The Harcourt team kept the opposition scoreless, while driving

Haliburton Highlands Old Tyme Fiddle and Stepdancing contest

Attendance was down, 92 contestants competed

Donna, Donnell and Denise Leahy perform at contest

Carl McNaughton on the fiddle

Attendance was down significantly at this year's annual Haliburton Highlands Fiddle and Stepdancing contest, but a record was set for the most number of entries, according to the contest's chairman Harold Bannan.

"Attendance was down considerably - probably down a third over last year, because of the heat," said Bannan.

Under sweltering temperatures in the Haliburton Curling Club, some 92 contestants competed for prize money and trophies. Young and old alike competed over four shows held during Fri-

half the chairs placed for the afternoon audiences were filled.

"The show itself was very, very good," said Bannan. "My committee chairmen involved were excellent, and did just a great job of organizing things."

The \$100 door prize was won by Wanita Dalton of Mississauga and Cecil Winters of Haliburton won the 50-50 draw.

In the five to 12 year old fiddling class, Donnell Leahy of Lakefield took first place, and his sister, Yvonne took second. Susan Teller of Hamilton placed third.

It was Michelle Lubineck of Scarborough who placed first in the 13 to 18 year old fiddling class, Reggie Dumais of Hamilton placed second, and Michael Lemoire came up with third place.

In the 19 to 34 fiddling class, Dwight Lubinecki of Scarborough came first, Patty Curran of Scarborough placed second, and Cathy Ferguson fiddled her way to third place.

Bob Arbuckle of Schofield was the first place finisher in the 35 to 49 class, while Carl McNaughton came second. Willis Desjardine placed third.

The 50 to 64 year-old class produced some excellent fiddlers, with Bill Everett of Orillia placing first, George Stinson of Toronto came in second, and William Batton of Whitby placing third.

Al Smith came up the winner in the 65 and over class, as Cecil Junkin of Fenelon Falls placed second. George Gagne of Sarnia placed third.

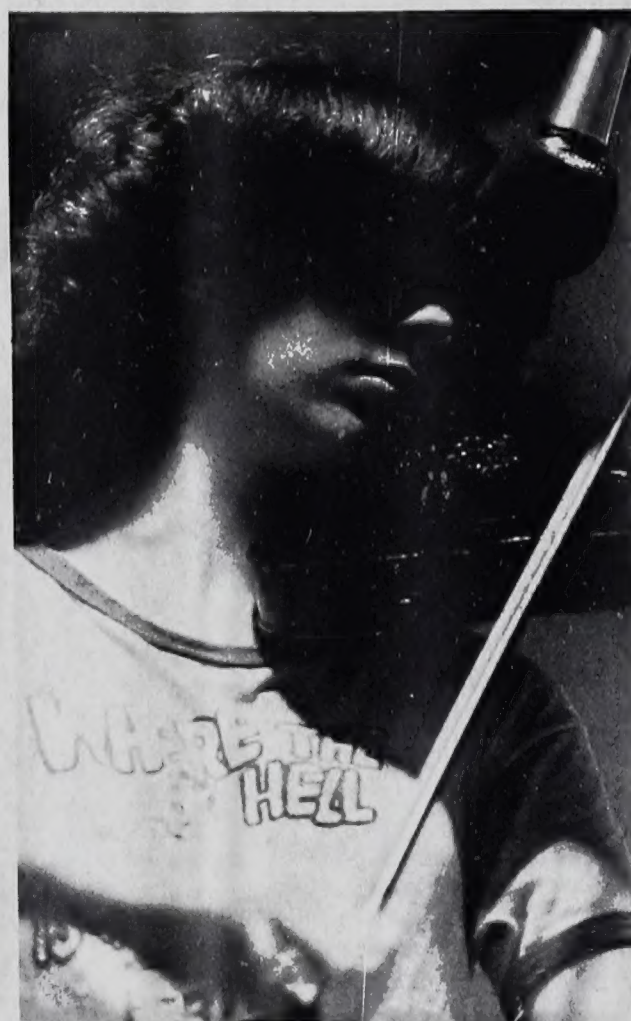

As for the Open class in fiddling, Bob Arbuckle walked away with first, while Dwight Lubinecki placed second. There were a split for third in the class, with Michelle Lubinecki and Reggie

Dumais fiddling to a tie. The County of Haliburton prize, which is awarded to the best fiddler among the various municipalities, was awarded to Al Smith of Minden, representing the Township of Lutterworth. Smith also won last year.

In the five to 12 year old class in stepdancing, Maria Leahy placed first, while her sister Yvonne, placed second. Kelly Rogers of Kinburne came third.

Ward Schwartz of Lady-smith, Quebec came first in the 13 to 18 stepdancing class, while Donna Leahy and

Cont'd. page 9

A young competitor plays a tune

A view from the stage

Denise Leahy: A lover of music

When Denise Leahy started her step dancing routine for the judges, she really wasn't too sure just how she would do. The contestant before her, she says, "was just sooooo good". Now, while the decision is being made and the judges are pondering, Denise is chatting happily with a friend.

The 13-year old Lakefield step dancer applauds enthusiastically at the announcement of the first place winner, and smiles when she passes by. Denise's name is called, and she looks surprised at capturing second. A moment later, and Denise is sitting in an aisle chair fingering the prize envelope, and playfully kicking her feet under the chair. "I love doing thing," she says.

Naturally, Denise comes from a 13-member family who all fiddle and/or step dance, who all enjoy doing it, and who all are taught both skills by their parents. It's a family whose philosophy is built around constructive recreation, and as the third oldest in the family, Denise says she never tires of dancing.

"There's always something else to learn," Denise says. The travelling does not tire her either, for she admits that she meets "a lot of people, and I make a lot of friends, and a lot of fantastic people like the other contestants." Denise fiddles too, and says she likes both equally, and the grade 8 student rationes her practice time accordingly. "I manage to make time for both." Many of her friends are people she meets at fiddle and step dancing contests, like the one in

Extendicare News

by Dr. W.O. Anderson

It was news to use when on Monday morning, Petrini Construction trucks came with a crew of workmen and material to give a facelift to Extendicare. It would seem that the front was all along not finished but needed the aluminum trim sheeting to do the big overhang. It was only a day's work and sure looked nice.

At breakfast we were greeted by an old friend Mrs. Ruth Warren, inspector of nursing homes from the Ministry of Health. Everything checked out okay.

Tuesday morning we got a donation of jigsaw puzzles from Mrs. Lillian Porter, just to ensure that the Happy Gang will keep busy in the months ahead. We have been rather slack in puzzle solving for the last while, our time being taken up by hosts of summer doings. Thanks very much Mrs. Porter.

Mrs. Dorothy Iles, Mrs. Betty Wise and Miss Karen Henderson supervised our bingo in the afternoon with Miss Susan Ainsworth keeping things in order and Jake Gill calling. It was a good game.

Our walk Tuesday took us along Park, Creek, Victoria and Pine, during which we got cuttings from one each of two varieties of mock orange, a snowball and a trailing petunia with permission. These were set to root as well as our own two varieties of grape ivy, a red violet, and a geranium. All are set together in styrofoam drinking cups under conditions of an open terrarium. We think we have found that this is a very successful way of dealing with cuttings in the summer.

We have noticed in our various walks the goodly number of mock orange bushes in Haliburton Village, more so than in other villages of the same size. They are exceedingly attractive and perhaps if our cuttings turn out well we will have some.

Any of you seeing our flower beds and patio boxes may be interested to know that we take a very miserly view of soil. Anything that comes out of soil we consider as being soil and we put it back in, not a compost because that is not feasible here, and besides it means a trip to it to put refuse in and another to take it out. We groom the flowers and weed

the beds accumulating the refuse, and when we have enough it is buried in the bed compacting it in and the soil around and over it. The results are tidy beds and plants with surprising very little weeding. In working this soil after the growing season we find it no different to cultivate than usual. Actually the soil is much richer with the extra humus it needs. Naturally we realize that this cannot be used in agriculture in general, only where it is simply a hobby.

As nice as our flowers are, we must give credit to our Norman Titus who has faithfully spent countless hours hosing them and keeping the water supply tub filled for use in watering can and the sprinkler. Without this, things would be pretty bleak.

Mrs. Lorna Hicks of Ingoldsby presented us with one of those scarce prayer plants whose attractive leaves take an attitude of prayer every evening at bedtime. Thanks Lorna for such an interesting gift.

Wedding bells and showers and what nots are out, not for the Happy Gang; but among our nurses. Thursday July 5 a staff shower was put on at the Minden home of Mrs. Susan Swinson for Miss Ivy Francis, and for Miss Marilyn LaPorte who are to be married, Marilyn, July 21, and Ivy, July 28. We add our hearty congratulations or should we? to these efficient and nice young ladies.

An average man is so close to the bottom as he is to the top.

At this time of year we sometimes get the idea that we have a quite nice display of flowers of many varieties, but by listening we learn that there are many in Haliburton County, that are nicer.

We have our 12 inch globe terrarium to sort of play with, perhaps allowing us to capture the odd rare plant that we may otherwise miss. Looking at it, one will wonder in what way it functions different to a pot or flat, but it seems that across the open top there is a static barrier that shuts out the room atmosphere, leaving a struggling plant to have its own natural environment.

Friday morning, Lieut. Ron Mailman of the Haliburton Salvation Army and officer Mrs. Lillian Hague provided us our devotion period, and the music for our singing. The theme was "Jesus Christ the Bread of Life", having particular reference to the words "Give us this day our daily bread". The Lieutenant gave a solo accompanied by his guitar, "What a day that will be". It was a splendid service, in which he placed great effort to bring all of us into a common with Jesus.

In the afternoon Mrs. Pat Burk bussed us to the curling arena to be spectators at Haliburton's Third Annual Fiddle and Step dancing championships by courtesy of Dysart Recreation and Community Centres Board. We found it to be very interesting and entertaining, either the fiddling or the dancing and it really became exciting when Miss Leah Lacey danced. It seems that she was the overall winner last year with a good chance to repeat. The dancers following her were also exceptionally good giving the judges a tough decision. We thank the Haliburton community for making it possible for us to attend this unique event.

Lieut. Mailman and two of his officers, Mrs. Amelia Sibley and Mrs. Lillian Hague, while making their Sunday visits to Extendicare, paused before leaving to give us a group of our favourite sacred songs.

If you think that all the children who are attending the summer craft and recreation courses at the Haliburton School of Fine Arts are having fun, you're right. These children took part in the theatre program offered by the school on Monday, rehearsing for their production of The Wizard of Oz.

Senior League

by Linda English

The week began with the temperatures going to the high 70's and fortunately they continued all week. Many residents enjoyed the nice change in the weather and took advantage by getting outside. Monday morning we had fun and fitness where we sang songs, exercised and played games.

In the afternoon the ladies made themselves busy in the Craft room. The time for the bazaar is drawing very near and everyone is working hard preparing and putting on the

finishing touches. The bazaar is being held Wednesday, July 18, from 2 to 4 in the afternoon and we hope to have a good turnout.

Tuesday morning Doris Robertson took the service in the chapel. In the afternoon Doris called the numbers for a Bingo game in the main lounge.

Wednesday we had our regular fun and fitness program in the morning, and crafts in the afternoon.

Thursday, July 12 was very special for Carrie Jones who celebrated her birthday. She was presented with a birthday cake and everyone joined together to sing Happy Birthday to "Carrie."

We had a very enjoyable afternoon on Thursday when the Gospel Lighthouse Ladies from Haliburton brought a lovely assortment of cookies and squares for the tea party. They introduced to us their new Minister, Rev. Mervin Kertz, and his wife, who sang two duets for us and led in some spiritual singing. Everyone enjoyed their singing and is looking forward to worshipping with Rev. Kertz in the Chapel.

Friday morning we had a

very good turnout to fun and fitness. Everyone was in good voice when we sang our "Good Morning" songs and enjoyed a game of kick the ball.

Mrs. Grace Coburn, led the sing song later in the afternoon.

Remember, folks if you're eating lots of watermelons, and citron, etc. Mrs. Deumo would sure appreciate it, if you would save those seeds for her. Also, if anyone uses "Legges" panty-hose, we would like to have the containers. We make cute little bazaar items with them in crafts.

More than 90 relatives attend large Lucas family reunion

It was a weekend of fond memories, reunion and thanksgiving for the more than 90 descendants of Captain John Lucas who gathered on June 9 and 10, at Wig-A-Mog Inn and at the old Lucas home, now the home of Mrs. Elwood Austin. Mrs. Austin is the former Madeline Lucas, granddaughter of John Lucas, late of the Royal Mercantile Marine, who moved his young family from Cavan, in Peterborough County, to a land grant in Anson Township in the mid-nineteenth century. Captain Lucas was elected Reeve by acclamation at the inception of the Municipality of Dysart in 1867. He founded the Grand Central Hotel and, with a partner, built the first sawmill. All of his children lived out their lives in Haliburton and several married and raised families. There was Alice, Mrs. Erven Hoxie; Agnes, Mrs. Fred Dart; John Albert; Jane, Mrs. Henry Ferguson; William, who was the first white child born in Haliburton; Margaret, Robert, Joseph, and Anne, Mrs. Eason.

John Albert was a prominent member of the community until his death in 1945. He was engineer on the first steam locomotive to enter the village in the 1880's, proprietor of the Grand Central Hotel, Justice of the Peace, and several years councilman. He married Miss Annie Boudry of Cobourg and they had eight children, of whom only two survive. Their daughters Mrs. Harry Palen, of Toronto, the former Gladys Lucas, and Mrs. Elwood Austin were guests of honour at the family dinner at Wig-A-Mog Inn on Saturday night.

As was fitting for a family that has worshipped in St. George's parish since its foundation in 1865, the visitors attended Sunday morning worship in which their

memorial gift of a brass candlestick was dedicated by the rector, Rev. Trevor Denny. Afterwards the reunion concluded with luncheon at Wig-A-Mog Inn. Those in attendance were: Mr. and Mrs. Norman Palen, daughters Leah and Tara, Toronto; Mr. and Mrs. Walter Dorzko, family, Susan and Phillip, Toronto; Mr. and Mrs. Lyle Lucas, Mr. and Mrs. Robert Lucas, friend Connie, Toronto; Mrs. Sandy McDonald, Port Hope; Mrs. Clifford Boudry, Cobourg; Mrs. Della St. Amand, Mrs. Evelyn Braithwaite, Mrs. Ruby Rice, Mr. Jack Hoxie, Haliburton; Mr. and Mrs. Robert Brohm, Haliburton; Mr. and Mrs. Donald Dart, Lindsay; Mrs. Freda Austin, Haliburton; Peter, Dean, friend, Debbie Konyon, Peterborough; Kathryn Austin, Stacy Austin, Peterborough; Blake Conebeare, Haliburton; Mr. and Mrs. Tom Little, son Cory, Haliburton; Mr. and Mrs. Chesel Haker, Mr. and

Mrs. Frank Haker, sons Chesel and Hamish, Keremeds, B.C.; Mrs. Chesel Lucas, London, son, Dr. Brian Lucas, Vancouver, B.C.; Mrs. A. Verney, Cobourg, Ontario, daughter, Mrs. Richard Spicer, Windsor, Ontario; Mr. and Mrs. Paul Leonard, family Michael, Jimmy and Susan, Cobourg, Ontario; Mr. and Mrs. Bernard Penney, daughters, Jane and Mary Ellen, Cobourg, Ontario; Mr. and Mrs. Glenn McMurdo, Mr. and Mrs. Martin Portengen, son Michael, Mr. and Mrs. Vince Condie, Cobourg, Ontario; Mr. John Palen, family Ann and Kathy, daughter, Paul Palen, friend Allison, Toronto; Mr. and Mrs. Douglas Pritchard, Minden; M. Cpl. Christopher Pritchard, Germany; Mr. and Mrs. Glenn McGregor, Toronto; Mr. and Mrs. Robert Wells, son John, Minden; Mr. and Mrs. Richard Biagi, sons Anthony and Jason, Haliburton; Mrs. Elwood Austin (Lucas), Mrs. Dorelle Baker, Haliburton.

Pioneer Days will be theme again of Minden Rotary Carnival

Pioneer Days will once again be the theme of the annual Minden Rotary Summer Carnival, which gets underway next Wednesday, July 25, and continues through Thursday, July 26. Activities at this year's event will begin Wednesday afternoon with a sidewalk sale and pioneer craft displays along Main Street.

The parade begins at 6:30 p.m., and will feature floats, bands, horses and a large number of participants dressed in keeping with the carnival's pioneer theme.

Following the parade Wednesday and again on Thursday, a midway with rides, games and refreshments will provide fun and

excitement for young and old at the community centre. As well, a beer gardens with free entertainment will be held in the centre.

On Thursday evening the "Carnival World Championship Arm Wrestling" contest will be held in the community centre. Competition is open to both women and men, with two categories for women, under 20 and over 20, and with three classes for men; light - under 175 pounds; medium - 175 to 200 pounds, and heavy - 200 pounds and up.

The event is sponsored by the Rotary Club and Carling O'Keefe.

As well Thursday evening there will be a draw for \$1000. cash.

Harcourt softball tourney a success

from page 7

in a total of six runs to advance to the final. In the second consolation semifinal, Mount Albert beat Havelock by the same 6-0 score to set the stage for the consolation final.

In second round champ-

ionship side action, IGA met Belleville Intelligencers and lost 3-0. Belleville Doctors dominated London in the second game 6-3 to advance to the finals.

The consolation championship game got underway at 6

p.m. Sunday, but it proved to be no contest, as the tough batting of Mount Albert gave them a 10-1 win over Harcourt and the consolation prize of \$100. The Harcourt team received \$70 for their losing effort.

The Championship game got underway at 7:30 p.m. and it was a hard fought battle, between the two Belleville teams. But at the end of seven innings, it was the Intelligencers taking home the Molson's "A" trophy and \$200 on the strength of a 6-4 victory. The Belleville Doctors got \$70 for their efforts in the contest.

Most valuable player of the tournament was Ron McCoy of the Belleville Intelligencers. Most sportsmanlike player was Bernie Olsewski of the Harcourt Lumber Kings, who took home the

Bank of Nova Scotia trophy. Speed, accuracy and safety were the factors that determined a winner in the log falling and bucking contest at 1 p.m. Saturday, sponsored by Bell Marine and Pioneer chainsaw.

When the last log had been dropped, Jim Evans of Highland Grove was declared the winner with a total of 110 points. Evans was presented with the trophy by Harcourt Hall Board chairman John Deterling, and with a new chainsaw by representatives of Pioneer in Peterborough.

In second place, and winning a saw chain donated by Bell Marine, was Charlie Main of Harcourt who racked up 103 points.

Finishing third and winning a case of chainsaw oil was Jim Packard of Harcourt with 97 points.

Michelle Lubinecki came second and third respectively.

There was only one entry in the 19 to 34 class, and that was taken by Brenda Cowan of Perth.

In the 50 and over class, Gordon Montgomery of Stouffville danced his way to victory, while Morris Mont-

gomery of Omamee took second. Jim Thompson of Bobcaygeon placed third.

Feet became blurs when stepdancers assembled for the Open class competitions, but when the smoke cleared, Ward Schwartz took first place, Chris Leahy second, and Reggie Dumais placed third.

Stepdancer Denise

from page 8

Haliburton, and she renews acquaintances each time she travels to a competition.

Denise has decided to continue with music, and hopes to study it once she has completed school, as will many of her brothers and sisters. Her love of fiddle and step dancing competitions, which she says arises less from the competitive aspect than from the fact that she meets people, will never end, according to Denise. With a definite statement of "it's great", a smile and twinkle of eye, Denise Leahy runs off, shoes clacking, with one of her many friends.

After all, that's what these contests are all about.

AGRICULTURE CANADA HEALTH OF ANIMALS DIVISION NOTICE To All Dog and Cat Owners

Anti-Rabies vaccination clinics for all dogs and cats in the Provisional County of Haliburton will be held at the time and place listed below. This service is offered free of charge by the above branch, Agriculture Canada, in co-operation with the County, and all owners are urged to present their dogs and cats for vaccination

July 25 _____ Minden Municipal Garage _____ 2.00 pm - 7.00 pm
July 26 _____ Haliburton Ministry of Natural Resources _____ 2.00 pm - 7.00 pm

NOTE:

- Any of the above clinics may be attended
- Dogs should be on a leash and accompanied by an adult.
- Cats should be brought in a suitable cage.
- These clinics are not connected with dog licensing.

Recycle it!

by Jane Selbie

Composting is a way of returning productive organic waste into the soil.

An old oil drum can be painted black to absorb the sun's heat. Stand the drum on a few bricks to allow air flow into several holes punctured in the bottom. In layers about six inches deep, place (1) kitchen waste, (2) soil and (3) green matter. Repeat layers until container is full. Turn with a pitch fork every two or three days to air the composition. Water it to keep it moist. A lid of some sort will help regulate the moisture. Add a sprinkling of lime to reduce acidity. The finer the matter the faster the breakdown. Earthworms also accelerate the process. Two or three drums at different stages will give you compost to use and others in the making.

What goes in a compost? For kitchen waste it can be vegetable trimmings, egg shells, coffee grounds, tea bags and leftovers. Anything but animal fat, meat or soapy water. Soil can be from the garden along with manure, bone and fish meal. Green matter is leaves, grass cuttings, flowers, sawdust and weeds.

Keep a container in the kitchen for all the biodegradable waste, you'll soon get into a habit and you'll have a glorious garden because of your efforts.

The exciting thing about hearing from our readers is that not only do we learn a new way to usefully eliminate waste but often one idea sets off a chain reaction of other possibilities.

Mrs. Sylvia Cameron of Wilberforce turns an old pair of dress gloves into a multi-purpose aid. Firstly, they make good garden gloves or suitable protection of hands when stripping or varnishing furniture. On top of that, when the fingers are removed (leaving 1/2 inch next to the hand section) you have an excellent dressing protection for an injured hand. This dressing can be changed easily, adhesive essentially eliminated and it can be washed and reused. The fingers and thumbs which were cut away are handy for the same purpose. Narrow, elastic can be sewn to the top of the glove finger or a narrow strip of tape can be attached and secured at the wrist.

Mrs. Ann Sedgwick of Cameron suggests two helpful tips. Soap rubbed onto switchplates, door knobs and windows, makes splatters from painting a cinch to clean up. Rubbing alcohol is an excellent solution to remove iodine, ink stains or shoe polish smears.

Jeanne Sears of Minden has a good idea particularly helpful to those suffering from arthritis. On plastic lids, cut slits forming a cross in the centre (about 1 1/2 in. long) to make a good bread tie. The bag is fed through the middle forming an airtight enclosure held close to the loaf.

Keep the ideas coming! You still have till the end of July to get your entry in. The prize is \$15.00. Send your suggestions to Recycle It!, Haliburton Echo, Box 360, Haliburton, Ontario, K0M 1S0.

Guild News

The Rails End Station Gallery is now open Tuesday to Saturday, 10 a.m. to 4 p.m. The present show, of the work of the instructors of the School of Fine Arts this summer, will be in the Gallery until July 28. It is a beautiful display.

Auction: August 4, 10 a.m. at the Gallery

This auction promises to be an exciting event you won't want to miss. Antiques, good used furniture, garden tools, skis, dishes, skates, toys, paintings, etc. (no stoves, refrigerators, T.V.'s, chestfreezers, or clothing please). Articles may be donated or entered on consignment at 20 percent commission for Guild Gallery fund. All items may be left at the Station Gallery on Monday July 30 through to Wednesday, August 1 from

10:00 a.m. - 4:00 p.m. You are invited to a preview on Friday, August 3 from 1:00 p.m. - 4:00 p.m. and 7:00 p.m. to 10:00 p.m. Come and bring your friends and visitors!

The lucky winners of the Via Rail Weekend Trip for Two to Montreal are Mr. and Mrs. King from Toronto. They are the parents of Mrs. Judy Chapman at Mountain Lake. We wish them a happy holiday.

An outdoor display, "Art along the Boardwalk" at which local artists will display and sell their works, will be held July 28 from 10 a.m. to 4 p.m.

Bring the children to the Gallery on Saturday, July 21, at 10 a.m. for films and a special children's tour of the Rails End Gallery.

Oshawa youth will appear in court

A 17-year old Oshawa youth is scheduled to appear in provincial court August 14 to face a charge of dangerous waterskiing in connection with an incident on Little Horseshoe Lake, Sunday afternoon.

Minden OPP say Scott G. MacNab and another person were skiing behind a power boat when the other skier fell. The boat turned to pick up the fallen skier and MacNab swung out over the wake, coming within 10 feet of the dock and approximately five feet from two 14 year old girls who were swimming in the lake.

The charge of dangerous waterskiing, an offence under the criminal code, was laid against MacNab following an investigation by Minden OPP constable Dennis Potter.

Visiting service provides emotional relief

For women who have undergone a mastectomy, the pain is both physical and mental

by Joe Banks

Cancer.

The word causes people to fear death, relatives and friends to pity the victim, and in the case of breast cancer, women to become emotionally depressed, or ashamed of what the surgery has done to their body. They sometimes consider themselves "incomplete", or only half a woman.

Breast cancer and mastectomy patients are not unique to personalities or places. Any woman can contract the disease regardless of race, colour or occupation.

Last year, between 25 and 30 Haliburton County women had mastectomy operations, and though this number may not seem large, figures have been growing slowly but steadily over the years. And they will probably continue to grow.

The emotional hurdles mastectomy patients and those close to them must clear, can be phenomenal but the Canadian Cancer Society began a visiting program about four years ago which is helping to combat the depression, and fear that go hand in hand with breast cancer. Though not yet widely known, such a program exists in Haliburton, through the local branch of the C.C.S.

'...it really didn't hit me until I got home...'

Peggy Neville, who is in charge of the mastectomy visiting program in the Haliburton district, feels that "there is really no need" for a woman to go without the advantages of the program. "The service is there and should be used."

Mastectomy patients who make use of the service receive benefits not otherwise available when a cancer representative visits them either in the hospital (where most patients are seen), or at the home. The benefits include suggestions about brassiere comfort and clothing, a temporary prosthesis (or breast form), a list of where permanent prosthesis may be obtained and the cost, a rubber ball and a length of rope for carrying out exercises, and a pattern for a prosthesis if the patient wishes to make her own. Almost always, said Mrs. Neville, the area health nurse will accompany a volunteer from the Canadian Cancer Society who has had the operation herself. It's comforting for the patient to talk to someone who has passed through the same trauma, and to see how well she has adapted. As a pamphlet issued by the CCS says, "the Mastectomy Visiting

Program provides understanding, encouragement and practical help..."

But the service is not forced upon the patient. Almost invariably, it is the surgeon who requests that the patient be seen, said Mrs. Neville, according to the mental condition the woman may be in.

"Sometimes he (the surgeon) feels the patient may need someone to see her." In other cases, the patient may not need visiting, or the surgeon may decide against it. The service is always available, but the Society must be approached by the family or the patient, her minister, or the surgeon, first.

Though not herself a former mastectomy patient, Mrs. Neville has visited with some mastectomy patients at the Peterborough hospitals. Those patients suggested to her that they would prefer to have the visitation at home, when they recovered more, and were in comfortable surroundings, Mrs. Neville said. What started out as a "boost" for the patient in hospital has turned into a home visiting program, though it is important to meet with the woman quickly when the need for emotional support is most critical.

"It's never an easy thing," Mrs. Neville said, "but at least talking about it can make her feel a little better."

Even for the volunteer visitor, facing the patient is not an easy task, since "every cancer patient is completely different." The volunteers are carefully selected and trained to visit, and will almost always have had the operation at least a year before.

But volunteers are not easy to find. And mastectomy visiting volunteers who have had the operation themselves are not common. "I know the information," said Mrs. Neville, "but you just don't know what it's all about until you've had one (mastectomy operation)."

Ruth (not her real name) is a Haliburton woman who had a mastectomy two and a half years ago, and today, she is leading a normal life free of depression and fear. A representative from the CCS visited Ruth while she was still in hospital in Peterborough, recuperating from her surgery. Peggy Neville saw Ruth when she returned home, though not on an advising basis.

Ruth said she feels the service "is a very personal thing...what one person likes in this respect, another person might not." She mentioned during the visitation in hospital that she

Peggy Neville

would have preferred "if they'd have waited until I got home. But not everybody feels that way...some doctors recommend that someone not visit you in hospital - it's left up to your surgeon to decide that." The reason she would have preferred to wait is because sedation made her groggy, "and it really didn't hit me until I got home." Some months prior to her operation, Ruth had known another woman who underwent a mastectomy. The woman contacted Ruth to tell her what to expect when she went, and "what the lodge down at Princess Margaret's (hospital) was like. I was terrified at the thought of going down there." The discussion took a lot of the fear out of the operation and the surroundings for Ruth, and though the caller was not a volunteer with the CCS, she said she appreciated the call "very, very much." This kind of a pre-operation visit or advice could be very beneficial as well, Ruth feels.

Ruth said she was not "embarrassed" by the operation, as some women are at first, and "after you get over the emotional shock that you get when you feel you're not the complete woman anymore"...a visit from a CCS volunteer "would be beneficial."

In a small community such as Haliburton, Ruth feels there definitely is a need for the service. "It's surprising the number of people that have this operation in a small community. For a small town this size, it's getting more and more common." Ruth works around medical facilities in the area and said she has noticed a definite increase in mastectomies here over the years, making the visiting service more important than it ever has been.

And, as Peggy Neville pointed out, a mastectomy is something that can't be physically noticed in public. Some may wish to discuss their operation, but some may not. Perhaps that's the harrowing fact; a number of women may sit alone and depressed, dwelling upon what their life may hold in store for them. Hopefully, however, most will pick up a phone and call the Canadian Cancer Society.

If they do, caring volunteers will be anxious to help.

Caused damage to boats in accident

Minden man charged with impaired

A 49-year old Minden man was charged with impaired driving and failing to exercise proper care and control in the operation of a motor vehicle following an incident in which a number of boats were damaged at Moore Lake Marina.

Leslie C. Alton was southbound on Highway 35 when he entered the parking area of the marina at Moore Falls and collided with a boat, causing an estimated \$550 damage to the vessel. The boat was pushed into three others by the impact, causing a further \$6,400 damage. The car then went on to strike a light standard, which broke and fell onto a fifth boat, resulting in an estimated \$300 more damage.

The incident occurred at 10:50 p.m. Friday.

Damage was also heavy in other single vehicle accidents around the county over the weekend.

Country Good Times

from page 3
breakfast at the fire hall. At 11 a.m. a pony draw will be held, and at noon, both the midway and the trade and home show will open once again.

At 2 p.m. an invitational horse draw, always a popular event, will see area teamsters compete for honours in both light and heavy horse classes.

All in all, this year's Country Good Times promises to be an enjoyable weekend.

TAKE PRIDE
TAKE CARE

USE FIRE
CAREFULLY

DROWN YOUR CAMPFIRE - CLEAN UP

An accident in Minden Village early Sunday morning resulted in a charge of careless driving being laid against a 21-year old Scarborough man.

Minden OPP say Douglas S. McEachern was northbound on South Water Street at about 1:35 a.m. when his car went onto the east shoulder. It struck a fire hydrant and a 20-foot spruce tree before coming to a stop.

Damage to the car was estimated at \$5,000.

An estimated \$8000 damage resulted from a single car accident on Highway 121 Saturday night, in which a Toronto man was charged with impaired driving.

Police say Frank B. Crawford, 51, was westbound on Highway 121 west of County Road #3, when his car went out of control, entered the north ditch and rolled over. Crawford suffered minimal injuries in the mishap.

An 18-year old Scarborough woman escaped injury when the station wagon she was driving went out of control on Highway 121 east of Minden.

Robert A. Whitby was westbound on 121 at 7:45 p.m. Saturday when she lost control of the car on the north shoulder and struck a rockcut

in the south ditch. Damage to the vehicle was estimated at \$1200.

An estimated \$1500 damage resulted when a parked truck slipped out of gear and struck a tree. The incident occurred on a private cottage road in Minden Township.

The 1976 pickup, owned by Terrance Davis of Bowmanville, was parked on a hill and slipped out of gear causing it to roll down the hill and strike

Council will assume part of senior citizens apartment costs

Stanhope Township council has agreed to assume part of the deficit from operating costs of the senior citizens apartments in Haliburton and Minden. The move opens the way for Stanhope Township seniors to be accommodated in both buildings.

Ontario Housing regulations require municipalities in which seniors apartments are built to meet 10 percent of any operating deficits the apartments incur. Municipalities other than Dysart et al and Anson, Hindon and Minden must agree to pay a portion of the deficit if seniors from those municipalities are

to be accommodated in the newly completed Haliburton and Minden buildings. Stanhope's decisions means that it will meet a portion of any deficit based on the number of Stanhope residents living in the buildings.

Council deferred the decision at an earlier meeting pending information from the Ministry of Housing outlining average operating deficits for seniors apartments. On a per unit basis, the average municipal portion of those deficits for other buildings across the province, is about \$240, according to the Ministry's statistics.

DISTRICT NEWS

Kinmount Klippings

by Fran Crawford

Hi Folks! Here we are again. Quite a change in the temperature. I sure hope it stays this way for awhile.

Mr. and Mrs. Alfred Bluet celebrated their 50th wedding anniversary on Saturday with their family and friends. Their immediate family had dinner at Mr. Fogg's at Carnarvon with them at 5 p.m. Then everyone went to Kinmount Community Hall for refreshments, dance and a buffet where the young couple received many beautiful gifts and cards. They had well wishers from Kitchener, Baysville, Toronto, Peterborough and many more. Congratulations!

Sunday at the Legion about

200 guests including family members gathered to congratulate Mr. and Mrs. Bert Mintz. The young couple were married 70 years ago in Kinmount. They have five children living and 17 grandchildren, 36 great grandchildren and 28 nieces and

nephews. Mrs. Mintz 92 year old sister and Mr. Mintz's brother and sister were able to congratulate the couple. Mr. and Mrs. Mintz received messages from her majesty the Queen and members of Parliament John Deifenbaker, Joe Clarke, Bill Scott, John Ekins and many others. There were guests from, Phoenix Arizona, Pennsylvania, Illinois, Ohio,

Maryland, Halifax, Nova Scotia, Niagara Falls, Kitchener, Brampton, Toronto, Parry Sound, Orillia, Lindsay, Haliburton, Minden, Gooderham, Bancroft, Irondale and Kinmount. Best wishes to the young couple.

Mr. Grant Graham of Irondale and Mr. Gerrard Allen of Kinmount left Monday morning to motor West to look for work.

Miss Michele and Miss Charlene Gillson of Pickering are visiting with Gerald and Gladys Silver, Shawn and Joanne for a week.

Miss Arlene Francis of Norland is visiting with the Crawford Girls.

That's all for this time. Happy holidays.

Coboconk News

by Sheila Lake

Sunday, the 8th of July, a very frightening experience happened to Manson Weaver. Manson got into his boat for what was intended as a routine boat ride. However, as he started his inboard motor boat, it burst into flames. The fire department responded to the alarm to put out the fire but the boat was totally destroyed. Luckily, Manson was alone in the boat and escaped unhurt.

Mr. Elmer Straub, of Base Line Road was taken by ambulance to hospital on Tuesday. Mr. and Mrs. Straub are American neighbours who spend the winters in Naples, Florida and come out to their Coboconk home in May or June to spend the summer months.

Don't forget the up-coming demolition derby being held in the park beside the build-

ing supply company. Jim Hannivan, at Kawartha Garage will be happy to accept your entry.

The Happy Wanderers Choral Group entertained at Markhaven at Markham on Wednesday to a very appreciative group of listeners.

Remember the Lions carnival coming up on July 27 and 28. The senior citizens and on the move clubs will be helping out. The Lions bingo's are being well attended. There is a \$12 prize for each game plus the jackpot and share the wealth games. Mr. Ted Garrels is the very able "caller."

Vandals destroyed a lot of valuable equipment at the Cedars Cottages Laundromat on Thursday night. Mr. and Mrs. Percy Ellis some years ago built their own laundromat to accommodate their

customers, or anyone who chose to use the facilities. Unfortunately, the washers and driers are ruined, thanks to some idiot who makes work, and heartache, and a great loss, money-wise, to kind folks like Percy and Lavada Ellis. I sure hope you are caught, whoever you are.

A neighbour lost a whole bag of laundry from the local laundromat. He had left his clothes in the drier and when he came back, the drier had finished. However, one lot of clothes went missing! Be sure and lock up all your property and watch it closely. Nothing is safe anymore it seems.

Happy holidays to all those lucky enough to be on vacation. It's been a beautiful week!

A Museumobile sponsored by the Royal Ontario Museum will be in Haliburton County this week, giving area people a chance to learn about archeology and Ontario's past. The vehicle was in Norland last Thursday where a steady stream of visitors turned up, including Mrs. Marilyn Patterson and Maureen Patterson, Gull Lake cottagers.

Norland Notebook

by Barbara Maunder

For the fifth year in a row, no rain fell on the Norland Firefighters Association Horse Draw on Saturday, July 7. A record crowd attended and cheered their favourite teams on to victory. Teams competed from Peterborough, Severn Bridge, Woodville, Maynooth, Havlock, Ennismore, Minden, Fenelon Falls, Coboconk and Norland. A list of the winners was published in July 11 issue of the Haliburton Echo so I

will not name them again. A couple of thank-yous that were forgotten in my last week's column - one to Ron Chynoweth for constructing the cage used to hold and mix the draw tickets - Mrs. Violet Greer of Coboconk won the \$1000. prize and to Coboconk Feed Mill for their donation of a bag of feed to the first place winner of the heavy class of the horse draw. Monty Robson of Fenelon Falls assisted by Leon Wright, did an

able job of announcing the classes and the weights drawn by the horses and ponies. Bill Scott, our local federal M.P., was there to do the judging and to him and all who helped and worked to make the day such a great success, a sincere thank-you from the Norland Firefighters Association. A young lady visiting from U.S.A. won the gate prize for adults and a girl from the district was the winner of the gate prize for

Carnarvon News

by Blanche Windsor

We are pleased to learn that Mary Olan is home from the hospital and has had her sister and niece from Manitoba visit her.

Mr. and Mrs. Max McKay have had their two grandchildren with them the past two weeks. Eight year old Wendy has returned to Toronto and will spend the remainder of the summer in England.

Mrs. John Cranley and granddaughter are staying with Mrs. Muriel Hewitt for a week.

The lawn sale, which took

place at the C.E. Building, on July 14, drew a large crowd and the U.C.W. realized 500.00 from the sale.

Mr. and Mrs. George Cowan of Brampton have been visiting with relatives here.

Mr. and Mrs. G. Allcorn held a family dinner on the occasion of Maurice Windsor's birthday. Barbara Barnhart had a birthday the same day and was feted at the girl's baseball party at the Fireman's Hall on Saturday night. For years Barbara and Maurice have exchanged gifts.

Glad to see Mr. and Mrs. Colman home from England. How fortunate we are in having so many fine people retiring here.

I have had so many inquiring about Laura Mole and have learned that she is still in the hospital in Scarborough.

Mr. and Mrs. Lou Tompkins spent the weekend in Collingwood.

Mr. and Mrs. Albert Carpenter have purchased the home that Mr. and Mrs. Bert Harrison have vacated.

Tory Hill News

by Gloria Billings

Our deepest apologies last week an error was made. It should have read "Ab Fox has returned to the village to live" - So sorry Ab.

Sandra Miller is spending a week with grandma and grandpa Billings.

Eric and Lesley Finlay are up for a week's holiday at their apartment in Tory Hill. Lesley is taking a university course this summer which means two nights a week in Toronto while she is on her two month vacation.

Others taking university courses are Kay Finlay and Nancy Anderson. Congratulations to Nancy on obtaining honours this year at Trent University and to Lynn Finlay on successfully completing her first year of nursing at Georgian College in Orillia. I hope all the girls taking courses get good marks.

Arch and Jean Anderson were at their cottage on Duck's Lake over the week-

end.

The Watson boys are up north fighting fires for the Ministry of Natural Resources. We are fortunate so far, people have been careful and lightning has not struck. Let's hope it stays that way.

Nancy Anderson spent Sunday in Peterborough.

It's nice to know that Art Wade has recovered sufficiently to return to work.

Mrs. Bertie McCrea visited her sister, Mrs. Mary Dunford in Lindsay. Mary has been in poor health lately; we all wish her a speedy recovery.

Congratulations to Barrie and Nancy Dunford. They have recently bought a nice new Oldsmobile. Junior Savitz and his wife from Bangor, Pennsylvania were recent visitors with Junior's father, Elwood Savitz.

Mrs. Virginia Thomas from Prince George, Virginia came up to her cottage. Her

husband drove to Toronto International Airport to meet her. I hope she has a nice visit. Charles stays here from spring until fall - our good clean air agrees with him.

John Woods accompanied Charles Thomas to Toronto last week.

John and Shirley Finlay are vacationing at Lake St. Peter. The road construction is still underway and causing a lot of concern to many motorists.

Mr. and Mrs. Rex Jackson and girls spent the weekend at their summer home in Essonville.

Mr. and Mrs. Carman Lee made several business trips to Downeyville and district during the past week.

Wyn and Mike Carberry were back to their home for a week; they now reside in Oakville.

Brady Major is home for a few days holiday.

Vera Riel was a recent visitor to Lindsay.

Dorset News

by Phyllis Briscoe

"Worry is like a rocking chair - it will give you something to do, but it won't get you anywhere."

At last we are having real summer weather, with temperatures in the eighties. The gardens are drying up for lack of moisture and forest fires are raging in the north. I guess with the weather, we can't have a happy medium as it goes from one extreme to another. One consolation, the lake water is in great shape for swimming.

Maida and John Stewart are home, having enjoyed a three-week motor trip to the eastern provinces.

We are happy to see Caroline Fisher back at her home on Paint Lake.

This coming Saturday is the day the Dorset Seniors

have their big sale at the Dorset community centre, beginning at 1:30 p.m. The proceeds of this will go toward finishing an extension to the building now being used, which is very cramped and eliminates the possibility of getting new members. So you don't forget there will be baking, crafts, books, treasures, refreshments, a raffle, an auction and local crafts-men with their creations. So come and enjoy an interesting afternoon.

What tastes better than a big piece of strawberry short-cake with whipped cream on it? That was the order of the day on Saturday the 7th on the lawn back of the Barry residence and the rectory. Eileen and her daughter, Lee

Payne, stripped their strawberry patch for a good cause, the proceeds going to our local fire department. In conjunction with the strawberry festival there was a fashion show of Chandelle ladies wear, with some of our local girls modelling some very attractive outfits. Marilyn Mace is the agent for this line of apparel in the Dorset area.

A couple of ambitious local ladies are doing home baking and selling it through Clayton's store. Pretty nice to be able to get your goodies already made.

The bus trip to the races comes up on Thursday, July 26, so get your call in to either 2277 or 2620.

Please call me with news items at 766-2237. Thank you.

Chatting with Irene

by Irene Moore

I sure hope everyone is enjoying the wonderful warm weather we have been having. I will admit that last Saturday night was a little too hot for sleeping. I went out side about 1 a.m. to try and get cool enough to sleep. On the way out I looked at the outside thermometer and it was 92 degrees. Man that was hot, wasn't it? I had three fans going all night long, but all they did was stir up hot air, so I guess we will set up beds in the basement for it is nice and cool down there.

Mr. and Mrs. Tom Bunker and family of Timmins have been visiting with Mr. and Mrs. Mervin Bunker.

Tickets are now on sale on a painting donated by Dr. Agnes Jamieson. This painting is on display in Vasey's window and the proceeds will be given to the Library Centre Fund. The draw will be held at the exhibit of painting at Hyland Crest on July 28.

Mr. and Mrs. William Carrell of Windsor visited with the Bill Carrell's last week.

The time to relax is when you don't have time for it.

Peter and Jane Lancaster of Harrogate, Leeds, England are enjoying a visit with Mr. and Mrs. Boyd Jarvis.

The A.C.W. are having a big day on Saturday, July 21. From 10 a.m. on there will be baking and crafts for sale. The draw for the Quilt will be at noon sharp. At 1 p.m. there will be a Chinese Auction; games will be part of the fun, as they will be going on all the time; Tea will be served, and best of all will be the Kiddies Corner, where there will be all sorts of goodies at just the right price for those small wallets.

Debbie and Tony Vanschdel who are holidaying at Balsam Lake Park visited with Mr. and Mrs. Taylor Kernohan last week.

The Women's Institute are planning their fall colour bus trip. If anyone has any ideas as to where they would like to go, please contact Mrs. C. Brown; Mrs. Lyman Cox or Irene Moore. Date of trip is September 26.

Mrs. James Beattie is in Toronto this week visiting with relatives.

The Ed Pergolis have their grandchildren Chris and Calvin of Guelph visiting with them.

Next week is Rotary Carnival and all the organizations are taking advantage of the Mall. The Horticultural Society, and the United Church Women, are on the bank lawn; the Library Centre group will be down by the Candlewood store. There will be plants, vegetables, baking, bazaar and white elephant articles for sale, so look around, you will be sure to find something you want.

Have a little granddaughter who likes to write short stories. This is one she wrote for me last week. "At Grandma's". There are flowers growing in Grandma's yard, and I pick them for her and she likes them very much. They were called pansies and she likes pansies.

I am sharing this with all of you for the children tell the truth easier than grown-ups.

Several of the local young men from the armed forces are home on leave at present. Grant Porter is home from Victoria, B.C., and Roy Rivers is home from Kingston.

In connection with an Exhibit and Sale of Paintings at Hyland Crest Home on Saturday, July 28, 1:00 to 5:00, there will be a brief introduction of the exhibit by the Rev. Harold Vaughan. Dr. Vaughan will speak briefly on the subject "Painting for Fun."

This is another in a series of events sponsored by the gallery group of the general group on the creation of a new library and cultural complex for the village of Minden and area. It is an opportunity not only to help with the project but also to visit the exhibition, as many of the paintings are done by local artists, and at the same time see the splendid facilities which are offered in the area through our Senior Citizens' residence.

There was a splendid attendance at the July 3 meeting

of the Minden and District Horticultural Society, when Mrs. S. Hambley of Camp Allsaw spoke on "How to make compost and the effectiveness of organic gardening."

All flower baskets and gardens are flowering beautifully and the members are kept busy with watering them when needed. The Society have 34 baskets hanging in the district, besides the gardens.

The August 7 meeting will be a presentation on insect control and all interested persons are invited to attend; meeting to start at 7:30 p.m.

Three cheers! The necessary form to request a Wintario Capital Grant towards a feasibility study for the proposed Library Culture Centre has finally arrived. The Ministry of Culture and Recreation require such a study prior to considering requests for Wintario assistance. On July 16, members of the group went to Peterborough to discuss details with Miss Brenda Couch, area consultant for the Ministry, and with Mr. Johnston, of Nichol Rheims and Johnston, who are doing the feasibility study.

Feasibility considers many factors, such as area population; nearness to similar facilities, the appropriate area of the site, type of structure, operational responsibility. The affordability and community participation is of prime concern. In other words, do we need it, do we want it, and can we afford it?

The proposed centre will be economically housed under one roof. It should prove a much needed attraction for both the older group as well as the younger group. (It was in 1972 that the Council were first approached by the then library committee for large space for the library).

The proposed site is near both the Public school and the Senior Citizens' apartments. The Senior Citizens in this are number twice the provincial average. This building should add too their enjoyment, and

be a worthwhile tourist attraction.

In June the group held a successful dance. At present they are selling tickets on an oil painting done by Dr. Agnes Jamieson, to be drawn at the Art Show at Hyland Crest on July 28, 1 - 5 p.m. also on a Quilt draw to be at County Fair time. Why not join your friends for a cup of tea and a cookie at the Art Show and enjoy seeing the 40 some paintings on display before they are all sold. A number of the paintings are the work of D.R. H. W. Vaughan who will be donating

25% of the sale of his paintings towards the proposed Centre.

At the Minden Rotary Mall there will be a booth in front of the Candlewood shop and all tickets will be on sale there.

Those interested in promoting a new library and cultural resources in this vicinity meet with the group in the council chambers the first Monday of every month.

Come on folks, get behind this effort and give it all the support you can.

Adios and take care now.

Active people
do things
better.

PARTICIPATION

from page 12

York producer in the audience. Tickets are \$5.00 each, all seats reserved for the evening performances and \$3.50 each for matinee with no reservations. Advance book of 6 tickets may be purchased for \$24.00. For information, phone 324-9111 or write Kawartha Summer Theatre, Box 161, Lindsay.

There will be free anti-rabies vaccinations for all dogs and cats in the County of Victoria. Any of the listed clinics may be attended and in this area they are - on Monday, July 23 a clinic at Coboconk Township shed from 5:00 to 7:00 p.m.; on Tuesday, July 24 at Head Lake Township hall from 1:00 to 3:30 p.m. and in Kilmount Community Hall from 5:00 to 7:00 p.m. The complete list of places can be seen on township office window. Dogs should be on a leash and

accompanied by an adult and cats should be brought in cages. No pet wild animals will be vaccinated. All reports indicate that this could be a peak year for rabies in wild animals in this locale, so don't take a chance with your pet. Take your dog or cat to this free rabies vaccination clinic sponsored by Agriculture Canada, Health of Animals Branch.

Norland Women's Institute members look forward to welcoming all friends, neighbours and cottagers to their bazaar and bake sale on Wednesday, July 25 from 2:00 to 4:00 p.m. Home-made crafts, crocheted and knitted articles, a variety of baked goods and fresh garden vegetables will be for sale. Also the ever favourite penny table and afternoon tea will be served. We hope to see you there. W.I. members have been asked to look after a booth at the auction sale of

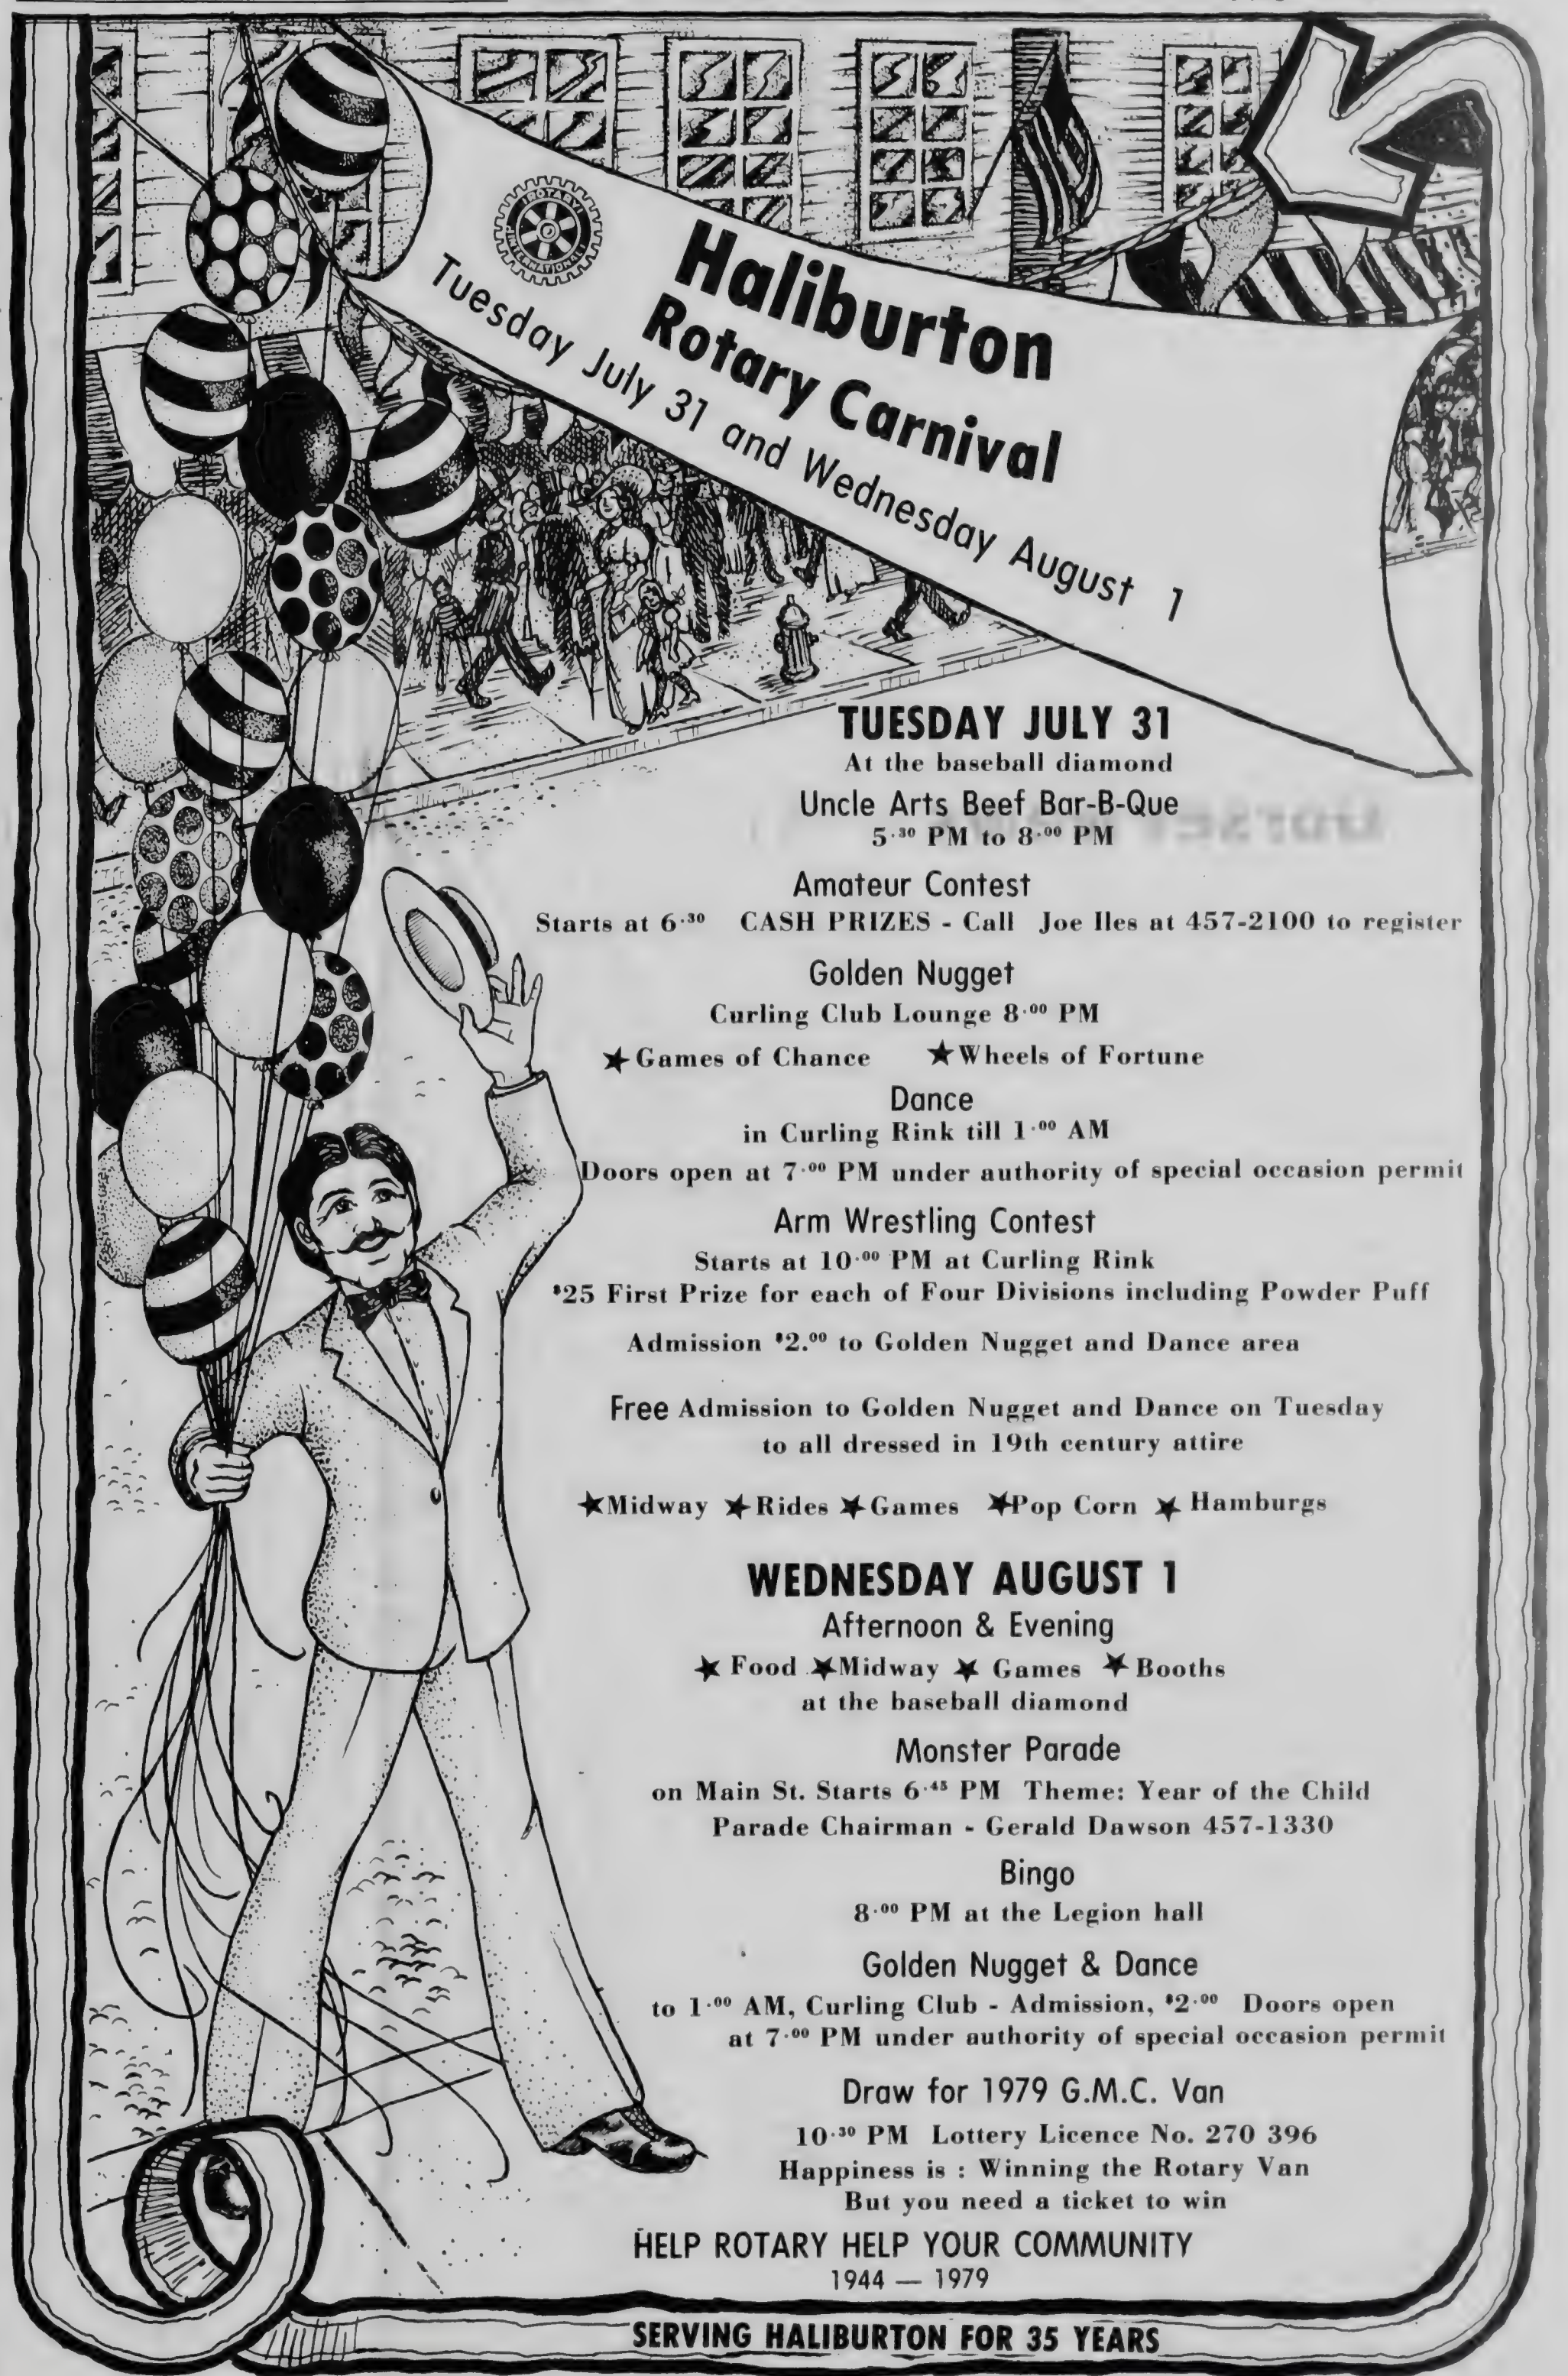

the estate of Mrs. Mabel Woodcock on Saturday, July 21. The ladies will have hot and cold drinks, donuts and home-made butter tarts to tempt your appetites and would appreciate your patronage. The sale will be at 1:00 p.m. and the place is on the north side of Highway 503 just west of Highway 35.

Council met for a special meeting in the township office on July 10 with all members present. Mr. Ivor James, commissioner and staff members, Jack Kane and William Chirpaugh, of the Regional Assessment Office in Lindsay, were present to explain and answer questions about the reassessment of the municipality under Section 86 of the Assessment Act. This pertains to the equalization of assessment and would mean adjusting the property tax levels so that everybody in the same property class would be paying

the same rate. There is considerable discussion going on at Lindsay council at this time over this same matter. A motion was passed at our council meeting that the Minister of Revenue be requested to implement reassessment of this municipality under Section 86 of the Assessment Act.

Get well wishes are extended to Jack Watson, Hilton Point Road, who has been in Lindsay's Ross Memorial Hospital for the past few weeks. We were sorry to learn that he hasn't been well and hope that he will soon be up and about again. In the meantime, why not send him a note or a card or drop in for a visit with him the next time that you are in Lindsay?

Norland Public Library summer hours: Tuesday 1:30 - 4:30; 7:00 - 10:00 p.m.; Thursday 3:00 - 5:00; 7:00 - 10:00; Friday 7:00 - 10:00; Saturday 2:00 - 5:00.

Haliburton Highlights

by Creighton Feir

Off and on we still seem to be running into trouble with street lights being off from time to time in various sections of the village. It's very annoying to the people who live on these streets.

The public washrooms in Haliburton are open once again for the use of the general public and we understand that the council have drilled a new well so there should be a good water supply. From time to time people come into the Echo office and are quite annoyed and upset when they see that the washrooms are closed with locks on the doors. In speaking with the reeve and members of council they tell us that they are doing everything in their power to keep them in operation but they need the all-out cooperation of everyone. It's fine to criticize the council for not keeping the washrooms open but we must realize that they have problems with vandalism that they can't seem to control. If we want the washrooms kept open we will have to make sure that everyone uses them in the right manner.

From the latest reports that we have received the moving of the caboose which is used for a tourist information centre from the first crossing to its new location close to the Railyard Station Gallery near the new park on Head Lake has proven to be an excellent move. Visitors seeking information are double what it was when the information centre was at its old location.

Mr. and Mrs. Cliff Jones of Thunder Bay were recent visitors at the home of Mr. and Mrs. Charlie Parish in Haliburton. Cliff dropped into the Echo office for a visit and he was telling me that he is now teaching classes in radio and television. They formerly resided in Brandon, Manitoba, where Cliff was a sports announcer on radio and television and covered many of the Junior hockey games from Brandon.

John Eakins, M.P.P. for Victoria-Haliburton was in the county last week visiting many of his constituents who are having problems with one thing or the other. He also attended several of the local events held in the area over the past weekend.

The Haliburton Highlands Guild of Fine Arts 1979 Summer Exhibition and Sale is now history. The big event held in Haliburton was a great success from the point of materials sold and the crowds attending this show were bigger than ever. It was the biggest opening night in the history of the Guild.

Dr. Art Moore of California, U.S.A. will be the guest speaker when the Full Gospel Businessmen's Fellowship in Canada hold their monthly dinner meeting at the Royal Canadian Legion Hall in Haliburton this coming Friday evening July 20 starting at 7:00 p.m. Dr. Art Moore, former science professor and research director, joins with Bible believing Christian brethren to show forth the love and excellencies of God and to edify the body. Brother Moore holds a B.S. degree in forestry and an M.S. degree in entomology from the College of Environmental Science and Forestry in Syracuse, N.Y. and a Ph.D. in insect toxicology from the University of California. He now devotes most of his time to teaching from the Bible and science - how they can not only coexist but actually compliment each other and bring a beautiful balance to the Christian faith. You will not want to miss hearing Dr. Moore tell how reading the New Testament changed his life.

Many people who live in Haliburton will be on their way to Wilberforce this coming weekend to attend the Country Good Times. This is always a big event and one that you won't want to miss.

Our congratulations to Kevin Bullen for his hole-in-one on number 5, on July 6 at the Haliburton Highlands Golf Club.

The Haliburton County Public Library will be presenting a book sale of duplicate and library discards at the library headquarters on Mountain Street, Haliburton from Monday to Friday, July 23 to July 27 from 10:00 a.m. to 4:00 p.m.

OHRP grants allocated

Grants totalling \$563,971 under the Ontario Home Renewal Program (OHRP) have been allocated to 15 municipalities, according to Housing Minister Claude Bennett.

Lutterworth Township has received \$27,000 in the latest round of grants.

OHRP provides per capita grants to Ontario municipalities to lend money to home-owner-occupants to repair their houses to acceptable municipal standards.

The grants announced today represent various portions of the total 1978-79 funding designated under OHRP for each municipality.

The objective of the program is to correct faulty structural and sanitary conditions and to upgrade plumbing, heating, insulation and electrical systems of owner-occupied homes.

Loans of up to \$7,500 may be given to eligible owner-occupants to bring their homes up to the standards adopted by their municipality. A portion of a loan can be forgiven depending upon the income of the recipient. Interest rates vary from zero to eight percent, again depending on income.

OHRP extends home renewal opportunities to owner-occupants in any municipality in Ontario, ur-

ban or rural, which has adopted either a minimum housing standards by-law or a resolution setting such standards.

Wilberforce News

by Winnie Schofield

Management and employees of the Wilberforce Vencer Plant paid tribute to Arthur Mather, known to all his friends as Jake, on July 6, 1979. Under the capable direction of manager Floyd Tighe, an excellent program was arranged beginning with dinner and a special cake for the occasion with the wording "Happy Retirement Jake". Speeches later testified to the high esteem in which Jake was held by his fellow workers. Harold Herlihy reviewed the past 32 years of service with some humorous recollections. Jake had arrived from New Brunswick with his wife Sally and began what was to have been a short term

job; a job that lasted over 32 years.

Floyd Tighe then presented Jake with a lazy boy chair with matching Ottoman and from Elsie Sibley, representing members of the union, he received a gift of cufflinks.

There was a beautiful bouquet of red roses for Sally. A dance followed to complete this happy event.

The many people who have been looking forward to a tennis court in town will be pleased to hear that a two court tennis area is in the last stages of completion. There remains the fencing and marking lines as the hard surfacing was added this week. The new court is

located behind the Lloyd Watson Memorial Centre. All those interested in playing had better be getting their rackets and tennis balls ready.

Ray and Gail Krupa are opening a new business this weekend. They are taking over the building recently vacated by the LCBO across the road from the fire hall. This is another first for Wilberforce, a clothing store in which may be purchased jeans, shirts and work clothes for men and women. Also available will be children's clothes and sports equipment. This is the third new business to open in Wilberforce this year and augurs

well for the future growth of the community. All good wishes to Ray and Gail for success in this their first venture into the business world.

The Monmouth ladies baseball team are proving to be popular with the spectators. The girls are really improving in their game. As yet they are not winning too many but the spirit and

determination are there and they show great promise. They may be seen every Wednesday evening in contest with a rival group from the county. They have been fortunate to have the services of good umpires. Mick from south Wilberforce provided zip to the game with his colourful personality and last Wednesday the well-known

25. NOTICES

To whom it may concern, I Don Shaw Jr., will no longer be responsible for any debts incurred in may name by Veida Shaw, as of July 18, 1979. 25-P-1

27. THANK YOU

To all our friends and relatives who attended the afternoon tea, at the Legion Hall, Kinmount, Ontario on Sunday, July 15th to honour our parents, Bert and Linda Mintz on the occasion of their 70th Wedding Anniversary, our sincere thanks and deep gratitude for gifts. And to those who helped in any way, our special thanks and God bless you all.

The Family

27-B-25

I would like to thank my relatives, friends and neighbours for cards, visits and phone calls, also Dr. Good and Dr. MacKenzie. A special thank you to Clarence Howe and Bobby Burns for feeding my dog and looking after my place. Also to the nursing staff of the Haliburton Red Cross Hospital, Thank you. **Harold Bowen** 27-B-18

27. THANK YOU

To our family for the delightful fortieth wedding anniversary reception they planned and arranged for us we are grateful. Thanks. It afforded us a wonderful opportunity to greet many friends, relatives

27. THANK YOU

Some day, some time, our eyes shall see
The faces we keep in memory.

27. THANK YOU

and fraternal associates. We wish to express appreciation too, for the large number of cards, also gifts and flowers received.
Roy and Rotha Bryant
27-P-18

27. THANK YOU

I wish to thank the nurses and Dr. Heyes and Dr. Hartwick for getting the bleeding stopped at Red Cross Hospital, Haliburton also Roy Schroter and Alex Kuehl for bringing me home.
Gordon Cruickshank
27-P-18

27. THANK YOU

The family of the late Timothy T. Toy wish to express our sincere heart felt appreciation to our many friends, relatives and neighbours for flowers, donations and all expressions of kindness during our time of need. Special thanks to Rev. Millar for his comforting words, Gordon Monk and staff of the Welch and Son Funeral Chapel and the Minden United Church Women's Institute for the lovely lunch.

Debbie Toy and family
27-B-18

32. IN MEMORIAM

DART, In loving memory of a dear Mother, Margaret Jane, who passed away July 11th, 1967, and a dear Father William Reginald who passed away September 23, 1960.

Galway/Cavendish council meets

At the most recent meeting of Galway-Cavendish council, the following matters were considered:

General voucher #6 covering June expenses in the amount of \$94,812.08 was approved for payment.

Welfare voucher #6 for the month of June in the amount of \$100.50 was also approved for payment, as was road voucher #6 for the month of June in the amount of \$54,376.55.

Severance B-114-79 (Estate of J. H. Turner) Concession 6, Lot 22, Cavendish was approved, as it is to settle an estate matter and to confirm existing uses. The severance conforms to the North Kawartha Official Plan and Township Zoning By-law 78-43. Approval is granted subject to a fee of \$50.00 to be paid to the township prior to the deed being stamped by the secretary of the Peterborough County Land Division Committee.

Severance application B-106-79, Concession 5, Lots 17 and 18, Cavendish, was deferred until the next regular council meeting, to give Deputy-Reeve Chambers an opportunity to review the property and present his recommendations to council.

Doug Morrison attended the council meeting to further discuss the questionnaire that would be going to all ratepayers in the townships regarding the feasibility study for a community centre in Galway Township and an all-purpose building in Cavendish, as well as other culture and recreation needs that the ratepayers may wish to identify.

The clerk was authorized to hire two students, through Manpower for the Experience '79 grant. They will be assisting on the Culture and Recreation Feasibility Study for a period of ten weeks.

The township accepted "Cambridge Planning's" letter dated June 29, 1979, confirming the terms of their contract to conduct a culture and recreation feasibility study for the township, subject to approval of the grant from the Ministry of Culture and Recreation with the understanding that if the grant is declined, then the study will cease and the township will only pay for costs incurred to the date that the contract is cancelled.

The application from Jim and Bill Stewart and B. Shearer, to rezone certain hazard lands, Concession 18, Lot 3, Cavendish, situated on Fortesque Lake will be reviewed on site by a member of council and a recommendation will be submitted to council for consideration at the July 9 regular council meeting.

The municipality supported a resolution received from the Town of Seaford, dated May 14, 1979, calling on the Attorney General of Ontario to "conduct an aggressive and thorough study of time-consuming courtroom procedures prevalent in Ontario courts and further, to analyse sentences being handed down from the bench for various crimes."

Council affirmed its non support of the resolution passed by the Regional Municipality of York, dated March 29, 1979.

Reeve Brickman was appointed as the municipality's representative to the Kawartha Region Conservation Authority and will attend the formation meeting in Lindsay to represent the Townships of Galway and Cavendish and vote on its behalf.

Council supported Beaver Lake Cottagers Association with respect to foliant spraying by Ontario Hydro and a letter from the township indicating this support will be forwarded to Ontario Hydro with copy to the local Member of Parliament.

The Roads Committee meeting minutes of June 29 were approved as presented. The Health and Sanitation Committee minutes of June 30, 1979 were accepted as presented.

The tender submitted by Don Blizard to care for the Cavendish dump on hwy. 507, at a rate of \$4.50 per yard for fill and \$15.00 per hour for a tractor, was accepted subject to the condition that each attendance at the sanitary land fill site be a maximum of 2 hours. Reeve C. Brickman, Deputy-Reeve A. Chambers and Councillor H. Platt voted in favour, while H. Stuart, Councillor and J. MacLellan, Councillor had nay votes.

The Fire Committee meeting minutes of June 19, 1979 were accepted as presented. The clerk was authorized to purchase three lengths of 1 1/2 inches forestry hose to be located on Gold, Salmon and Mississauga Lakes.

The tender from Mobile Tank Lines (replacement of the tank and pumps) for refurbishing the fire truck, less the cost of painting the vehicle, was accepted in the amount of \$12,375.00 minus \$1,000.

The clerk was authorized to obtain quotes for 6 - 250 watts mercury vapour street lights with brackets and hardware.

Council extended their congratulations to Mr. Wil Huel, Galway-Cavendish representative, on his election as Chairman of the North Kawartha Planning Board and extended their best wishes for every success in his new responsibilities.

Wilberforce News

from page 14

Mr. Hamilton was on hand. Hammy, as he is known by his friends, is a summer visitor who loves nothing better than his job as umpire. With years of experience behind him he lets nothing slip by and possesses a fine sense of humour. Better come to the games and root for the hometown. They appreciate your applause.

Coming up is our biggest weekend of the year. Your

recreation committee has put in hours of work to prepare for this fine event. There are programs arranged to please every age group. There is scarcely a member of this community who is not contributing time or money to bring about the best show in the county. If the good luck of previous years still holds we will enjoy good weather. Let all your friends know about the three big days July 20, 21 and 22.
